2.   SOFTWARE LICENSE

2.1   License Grant. Autodesk grants You a nonsublicensable, nonexclusive, nontransferable, limited license to Install and use machine-readable object code copies of the Software and User Documentation in Your Territory, in accordance with the applicable User Documentation and within the scope of the License Parameters. If application programming interfaces are included with or in the Software or otherwise available from Autodesk for use with the Software ("API's"), you may Access the APIs to develop programs, modules, components or functionality that (i) are compatible with and are used and/or interfaced with the Software and (ii) contribute significant value-added functionality or enhancements to the Software ("API Modules") provided You may Install and Access such API Modules solely on Computers where a licensed copy of the Software is also installed and further provided such Installation and Access is solely in connection with Your Installation and Access of the Software and solely for Your internal business needs. You may not redistribute all or any portion of an API Module. Autodesk's license grant (and, with that grant, Your right to Install and use the Software and User Documentation) is conditioned on Your continuous compliance with all license limitations, restrictions and other terms in this Agreement. If You violate any of these limitations, restrictions or other terms, the license grant will automatically and immediately terminate. The license descriptions in this Section 2 (Software License) define the scope of rights that Autodesk grants to You. Any usage of the Software or User Documentation outside the scope of the applicable license grant or otherwise not in accordance with this Agreement constitutes an infringement of Autodesk's intellectual property rights as well as a

material breach of this Agreement. No license is granted under the terms of this Agreement to Excluded Materials (if any). No license is granted under the terms of this Agreement if You did not lawfully acquire the Software from Autodesk or from a third party who has been permitted or authorized by Autodesk either directly or indirectly to supply the Software.

2.2   License Parameters. Autodesk's license grant is subject to one or more of the License Parameters defined in this Section 2.2 (License Parameters) as specified in the User Documentation, including any limitation on use of the Software to a Permitted Number of Cores. Unless Autodesk expressly specifies in the User Documentation or otherwise agrees in writing, all Software shall be governed solely by a license for Server Versions set forth in Section 2.2.1. When identifying Cores applicable to the Permitted Number, all Cores allocated to Computers on which the Software is Installed shall be counted toward the Permitted Number except: (i) Cores used in failover and/or backup Computers on which the Software is Installed count towards the Permitted Number only if the Computer is used in a production environment for ten (10) or more hours in any month; and (ii) if the Software is MapGuide Enterprise, only the Cores allocated to Computers on which MapGuide Enterprise Server is installed count towards the Permitted Number.

   2.2.1   Server Version. If Autodesk identifies the Software as a "Server Version" or if the User Documentation does not identify the Software by any of the version designations set forth in Sections 2.2.2 through 2.2.3, You may Install and Access copies of the Software on any number of Your Computers, provided that the total number of Cores in all Computers on which the Software is installed does not exceed the Permitted Number as specified in the User Documentation.

   2.2.2   Student Version and Personal Learning Edition. If Autodesk identifies the Software as a "Student Version" or "Personal Learning Edition" in the applicable User Documentation, You may Install and Access copies of the Software on any number of Your Computers provided that the total number of Cores in all Computers on which the Software is installed does not exceed the Permitted Number, only for personal learning purposes, and no other purpose. Unless otherwise provided by Autodesk in the User Documentation, Student Versions and Personal Learning Editions of the Software may be used for a period of one (1) year from the date You first Install the Software. Without limiting the foregoing, Student Versions and Personal Learning Editions of the Software may not be used for commercial, professional or other for-profit purposes and functional limitations apply, as set forth in Section 6 (Warnings). Additionally, Student Versions may only be used by faculty, staff members and students at qualified educational institutions. For purposes of this Section, a student means a person who is, at the time of Installation of the Student Version, enrolled at a recognized educational institution for (i) three (3) or more credit hours in a degree-granting educational program; or (ii) a nine-month or longer certificate program. Upon request by Autodesk, You agree to provide proof of such enrollment.

   2.2.3   Evaluation Version. If Autodesk identifies the Software as a demonstration, evaluation, trial, "not for sale" ("NFS") or "not for resale" ("NFR") version ("Evaluation Version") in the applicable User Documentation, You may Install and Access copies of the Software only for the purpose of evaluation and demonstration. Without limiting the foregoing, You may not use the Software for competitive analysis, or commercial, professional, or other for-profit purposes. The Evaluation Version may only be Installed for a single cumulative thirty (30) day evaluation period, unless otherwise specified by Autodesk in writing. Additionally, functional limitations apply, as set forth in Section 6 (Warnings).

   2.2.4   License Term. Subject to the terms and conditions of this Agreement, the license to use the Software is perpetual, unless the Software qualifies as an Evaluation Version, a Student Version, Personal Learning Edition, or is designated as a fixed-term license, a limited duration license or a rental license. In such cases, the term of the license shall be the term identified by Autodesk in the applicable User Documentation (the "Designated Term") or the term for which You have paid, whichever is less. If Autodesk identifies the Software as licensed for a fixed term, limited duration or rental and does not specify a term, then the Designated Term shall expire ninety (90) days after the date You first Install the Software. Use of the Software beyond the applicable license term, or any attempt to defeat the time-control disabling function in the Software is an unauthorized use and constitutes a material breach of this Agreement and a violation of intellectual property law.

2.3   Upgrades. If Autodesk labels the Software in the User Documentation as an upgrade or update ("New Version") to software previously licensed to You ("Previous Version"), the license grant with

respect to the Previous Version terminates one hundred twenty (120) days after Installation of the New Version. Within such one hundred twenty (120) day period of Installing the New Version: (i) You must cease all use of the Previous Version and Uninstall all copies of the Previous Version; and (ii) destroy all Autodesk Materials relating to the Previous Version or, upon request by Autodesk, return all such Autodesk Materials relating to the Previous Version to Autodesk or the company from which they were acquired. Autodesk reserves the right to require You to show satisfactory proof that all copies of the Previous Version have been Uninstalled and all Autodesk Materials relating to the Previous Version have been destroyed or returned. If You have purchased Autodesk Subscription, You may have additional rights under the Autodesk Subscription Agreement and the obligations in this Section may not apply to You during the term of the Autodesk Subscription Agreement.

2.4   Crossgrades. If Autodesk labels the Software in the User Documentation as a crossgrade ("Crossgrade") to software previously licensed to You (also, a "Previous Version"), the license grant with respect to the Previous Version terminates sixty (60) days (or such other period as Autodesk may designate in the User Documentation) (the "Crossgrade Period") after Installation of the Crossgrade. Within the Crossgrade Period: (i) You must cease all use of the Previous Version and Uninstall all copies of the Previous Version; and (ii) destroy all Autodesk Materials relating to the Previous Version or, upon request by Autodesk, return all Autodesk Materials relating to the Previous Version to Autodesk or the company from which they were acquired. Autodesk reserves the right to require You to show satisfactory proof that all copies of the Previous Version have been Uninstalled and all Autodesk Materials relating to the Previous Version have been destroyed or returned.

2.5   Supplemental Software. Autodesk or a third-party authorized or allowed by Autodesk in connection with the Software licensed to You hereunder may provide You additional software that supplements or extends the Software and that is not a New Version or a Crossgrade. Such supplemental software shall be subject to the terms and conditions of this Agreement except Section 5.1 (Limited Warranty), unless otherwise specified at the time of delivery by Autodesk or such third party.

2.6   Software Components. The Software is licensed to You as a single product and its components may not be separated for Installation Access or distribution on more than one (1) Computer unless expressly permitted by Autodesk in the applicable User Documentation.

2.7   Termination. Upon termination of the license grant or this Agreement, (i) You must cease all use of Autodesk Materials and Uninstall all copies of the Software; and (ii) destroy all Autodesk Materials or, upon request by Autodesk, return all Autodesk Materials to Autodesk or the company from which they were acquired. Autodesk reserves the right to require You to show satisfactory proof that all copies of the Software have been Uninstalled and all Autodesk Materials have been destroyed or returned.

3.   PERMITTED AND PROHIBITED ACTIONS

3.1   Permitted Actions.

3.1.1   Backups.

(a)   Backup. You may Install and Access backup copies of the Software up to the number of production Computers on which the Software is Installed and may deploy such backup copies only in the event that the primary copies of the Software become inoperable and You are otherwise unable to Access the Software and, in such case, subject to the License Parameters set forth in Section 2.2.

(b)   No Backup for User Documentation. Except as expressly permitted under Section 2.2 (License Parameters): (a) if the User Documentation is in printed form, it may not be copied; and (b) if the User Documentation is in electronic form, it may not be duplicated electronically.

3.2   Prohibited Actions. Autodesk does not permit any of the following actions and You acknowledge that such actions shall be prohibited:

3.2.6　Modifications.　You may not modify, translate, adapt, arrange, or create derivative works based on the Autodesk Materials for any purpose, provided that You may (i) utilize APIs provided with the Software to develop API Modules; and (ii) for MapGuide Enterprise, utilize features of the Software to interact with the MapGuide Enterprise Server in compliance with the User Documentation.

3.2.7　Circumvention.

(a)　You may not utilize any equipment, device, software, or other means designed to circumvent or remove any form of copy protection used by Autodesk in connection with the Software, or use the Software together with any authorization code, serial number, or other copy-protection device not supplied by Autodesk directly or through an authorized distributor.

(b)　You may not utilize any equipment, device, software, or other means designed to circumvent or remove any usage restrictions, or to enable functionality disabled by Autodesk in connection with the Excluded Materials.　You may not bypass or delete any functionality or technical limitations of the Autodesk Materials that prevent or inhibit the unauthorized copying or use of the Excluded Materials.

3.2.8　Export.　You may not export the Autodesk Materials in violation of this Agreement, U.S., or other applicable export control laws.

3.2.9　Use Outside of Territory.　You may not Access the Autodesk Materials outside of the Territory.

4.　ALL RIGHTS RESERVED

Autodesk and its licensors retain title to and ownership of the Autodesk Materials and all copies thereof, and all other rights and interest, including, without limitation, patents, copyrights, trademarks, trade secrets, and other intellectual property rights, in and to the Autodesk Materials and any copies thereof. You have only the limited rights with respect to the Autodesk Materials expressly set forth in this Agreement and You have no other rights, implied or otherwise.　The structure, organization, and code of the Autodesk Materials are valuable trade secrets of Autodesk and its licensors and You shall keep such trade secrets confidential. The Software and User Documentation are licensed, not sold.

5.　LIMITED WARRANTY AND DISCLAIMERS

5.1   Limited Warranty. Autodesk warrants that, as of the date on which the Software is delivered to You and for ninety (90) days thereafter ("Warranty Period"), the Software will provide the features and functions generally described in the User Documentation and that the media on which the Software is furnished, if any, will be free from defects in materials and workmanship. Autodesk's entire liability and Your exclusive remedy during the Warranty Period as provided in this Section 5.1 (Limited Warranty) will be, at Autodesk's option, to attempt to correct or work around errors, to replace the defective media on which the Software is furnished, if any, or to refund the license fees, if any, paid by You and terminate this Agreement. Such refund is subject to the return during the Warranty Period of the defective media, if any, and related Autodesk Materials, with a copy of Your receipt to Your local Autodesk office or the company from which You acquired the Autodesk Materials.

9.1.   No Assignment; Insolvency.   You may not assign this Agreement or any rights hereunder (whether by purchase of stock or assets, merger, change of control, operation of law, or otherwise) and any purported assignment by You shall be void.   Autodesk may, in its sole and absolute discretion, terminate the Agreement and the licenses granted hereunder if You become insolvent or make an arrangement with Your creditors to Autodesk's detriment.   The Agreement and the licenses granted hereunder shall automatically terminate without further notice or action by Autodesk if You go into liquidation.   In the context of any bankruptcy proceeding, You acknowledge and agree that this Agreement is and shall be treated as an executory contract of the type described by Section 365(c)(1) of Title 11 of the United States Code and may not be assigned without Autodesk's prior written consent, which may be withheld in Autodesk's sole and absolute discretion

9.2.   Choice of Law.   This Agreement and any disputes arising out of or in connection with this Agreement shall be governed by the laws of the State of California, U.S.A., without reference to conflict-of-laws principles and excluding the UN Convention on Contracts for the International Sale of Goods.

9.3   Entire Agreement.   This Agreement and the applicable User Documentation constitute the entire agreement between us and supersede any other previous or contemporaneous communications, agreements, representations, warranties or advertising with respect to the Software and User Documentation.   Any modifications to this Agreement shall be invalid, unless made in writing and signed by a duly authorized representative of Autodesk.

9.8   Construction.   Ambiguities in this Agreement will not be construed against the drafter.
