

DLT Leasing FAQs

What products does DLT have the ability to lease?

All the products and applications that DLT sells are available for leasing through DLT's GSA and SEWP III contracts.

What is the minimum order size?

The typical order size is at least \$250,000. For more specific information about leasing possibilities for your order, please contact your DLT sales representative, or call 800-262-4DLT (4358).

Are different leasing options available? For example, can I lease-to-own?

Leasing option programs are very flexible, depending on budgets and requirements. These can include a straight lease, a lease-to-own plan, a lease with option to purchase, and an installment lease.

How does DLT estimate payments for its customers?

Call DLT for a quote based on current rates and your needs. Typical lease terms include 24-, 36-, and 48-month programs.

Who owns the product at the end of the lease term?

Most leases give the government ownership of the product at the end of the lease. Other options are available.

For further information on DLT Leasing, please contact DLT Solutions at 888-262-4DLT (4358) or email leasing@dlt.com.
