DLT RIDER TO MANUFACTURER END USER TERMS (For Public Sector End Users)

1. **Scope.** This DLT Rider to Archibus, Inc. ("Manufacturer") End User Terms ("DLT Rider") establishes the terms and conditions enabling DLT Solutions, LLC ("DLT") to provide Manufacturer's Offerings to Public Sector Government Agencies to include the Federal, State and Local entities (the "Licensee" or "Customer").
2. **Applicability.** The terms and conditions in the attached Manufacturer Terms are hereby incorporated by reference to the extent that they are consistent with Public Sector Laws (e.g., the Anti-Deficiency Act, the Contracts Disputes Act, the Prompt Payment Act, the Anti-Assignment statutes). To the extent the terms and conditions in the Manufacturer's Terms or any resulting Customer Order are inconsistent with the following clauses, they shall be deemed deleted and the following shall take precedence:

(a) **Customer.** Customer is the "ordering activity", defined as any entity authorized to use government sources of supply. An individual person shall not be the Licensee or Customer.

(b) **Customer Indemnities.** Customer shall not be required to indemnify DLT except as in accordance with federal statute that expressly permits such indemnification.

(c) **Contractor Indemnities.** DLT shall not be required to indemnify Customer except as explicitly stated in the contract. Any such indemnification requirement shall vest control over the matter with the United States and shall give DLT or the Manufacturer the right to intervene in the proceeding at its own expense through counsel of its own choice.

(d) **Audit.** During the term of a Customer order subject to this Rider: (a) If Customer's security requirements included in the Order are met, Manufacturer or its designated agent may audit Customer's facilities and records to verify Customer's compliance with this Agreement. Any such audit will take place only during Customer's normal business hours contingent upon prior written notice and adherence to any security measures the Customer deems appropriate, including any requirements for personnel to be cleared prior to accessing sensitive facilities. DLT on behalf of the Manufacturer will give Customer written notice of a desire to verify compliance ("Notice"); or (b) If Customer's security requirements are not met and upon Manufacturer's request, Customer will provide a written certification, executed by a duly authorized agent of Customer, verifying in writing Customer's compliance with the Customer order.

(e) **Termination.** Clauses in the Manufacturer Terms referencing termination or cancellation are hereby deemed to be deleted. Both DLT and Customer's termination rights shall be governed by Contract Dispute Acts of the jurisdiction in which the transaction occurs.

(f) **Consent to Government Law / Consent to Jurisdiction.** The validity, interpretation and enforcement of this Rider will be governed by and construed in accordance with the laws of the United States and/or the respective Customer's state. Any Manufacturer Terms that identify the jurisdiction in which a lawsuit may be brought, the law which shall apply to such lawsuit, or the requirements to pursue Alternative Dispute Resolution prior to such lawsuit are deemed to be deleted. All clauses in the Manufacturer Terms referencing equitable remedies are deemed to be deleted.

(g) **Force Majeure.** Clauses in the Manufacturer Terms referencing Force Majeure and unilateral termination rights of the Manufacturer are hereby deemed to be deleted.

(h) **Assignment.** All clauses regarding Assignment are subject to Assignment of Claims and Novation and Change-of-Name Agreements. All clauses governing Assignment in the Manufacturer Terms are hereby deemed to be deleted.

(i) Waiver of Jury Trial. All clauses referencing waiver of jury trial in the Manufacturer Terms are hereby deemed to be deleted.

(j) Renewals. All Manufacturer Terms clauses that violate the Anti-Deficiency Act or which permit automatic renewal are hereby deemed to be deleted.

(k) Future Fees or Penalties. All fees and charges are as explicitly set forth in the Customer's order. Additional fees or penalties such as liquidated damages or license, maintenance or subscription reinstatement fees be incorporated into the contract only by bilateral written agreement of the parties. Any clauses imposing additional fees or penalties automatically in Manufacturer's Terms are hereby deemed to be deleted.

(l) Taxes. Taxes are subject to applicable jurisdiction regulations, which provides that the contract price includes all federal, state, local taxes and duties.

(m) Third Party Terms. No entity shall have privity of contract with the United States with respect to any third-party product or service, referenced in the Manufacturer's Terms unless expressly stated in Customer's order. Absent agreement by Customer to the contrary, third parties shall have no rights or obligations with respect to such agreements vis-à-vis the United States.

(n) Installation and Use of the Software. Installation and use of the software shall be in accordance with the Rider and Manufacturer Terms, unless a Customer determines that it requires different terms of use and Manufacturer agrees in writing to such terms in a valid order placed by Customer.

(o) Advertisements and Endorsements. Unless specifically authorized by Customer in writing, use of the name or logo of Customer is prohibited.

(p) Confidentiality. Any provisions that require the Licensee to keep certain information confidential are subject to the Freedom of Information Act, and any order by a Court with appropriate jurisdiction.

3. **Incorporation of Manufacturer Terms.** Attached hereto are the Manufacturer Terms. As part of this Rider, the following Terms are incorporated by reference and made a part of this Rider except as modified as set forth above.

SOFTWARE

The ARCHIBUS® Software as described in the Software and User Documentation (consisting of the computer program in which this EULA is embedded or that is delivered prepackaged with this EULA) and its associated materials in this package (consisting of compact discs and/or DVDs, programs, documentation, manuals, guides, database schema, database models, database hierarchies, database organization, data, Web Services, software, and additional components of the products, procedures and techniques) (“**Associated Materials**”) are copyrighted, and all rights in, title to, and ownership thereof are reserved by ARCHIBUS, Inc. (collectively, the “**Copyrighted Materials**” or “**Software**”). Copyright laws and international copyright treaties, as well as other intellectual property laws and treaties, protect the Copyrighted Materials. ARCHIBUS software is not sold. Rather, AI licenses it to the End User under the terms of the ARCHIBUS End-User License Agreement (EULA) applicable to the particular ARCHIBUS software product. The terms of the ARCHIBUS EULA may vary depending upon the specific software product (with the specific type, edition, and/or version of license being issued) and the specific territory in which you obtained your software product. Territory means the country in which You acquire the ARCHIBUS software, unless (i) You acquire the Software in a member country of the European Union or the European Free Trade Associations, in which the case territory means all the countries of the European Union and the European Free Trade Association; or (ii) otherwise specified in the Software and User Documentation. Please refer to your particular software product for the EULA terms applicable to your use of that software. Unauthorized reproduction, appropriation of or access to the Copyrighted Materials is expressly prohibited. Please refer to your particular software product for the EULA terms applicable to your use of that software. Unless you have another agreement directly with AI that controls and alters your use of ARCHIBUS software products, the terms and conditions of the EULA apply to you.

GRANT OF LICENSE

The EULA is effective from the time You open this package and continues until all Copyrighted Materials have been returned to AI, or until all the Copyrighted Materials and all its components have been destroyed. This transaction is called a “**License**” and You are a “**Licensee**” of AI. The Copyrighted Materials are licensed as a single unit for use by a single organization in a single deployment. Its component parts may not be separated for use by more than one licensee. When You use the Copyrighted Materials You are subject to AI’s copyrights, and You must not violate the terms of this EULA. AI grants You a nonsublicensable, nonexclusive, nontransferable, limited license to install and use machine-readable object code copies of the software and Associated Materials in your Territory, in accordance with (i) the applicable Software and User Documentation; (ii) the EULA; and (iii) the Scope of the License and License Parameters (see “Scope of License” and “License Parameters” Sections below). You are allowed to use the Software to manage Your internal business operations only as specified in the “Scope of License” Section of this EULA, except as indicated in the “License Parameters” provisions below. You are not allowed to (i) use the Software or to let the Software be used for operations other than Your own; (ii) provide computer time-sharing or service bureau services for third parties or to process data for third parties; and/or (iii) let the Software be used by persons outside your operations (persons who are not full-time, part-time or contracted workers of the Licensee) or by those that do not have a valid EULA. You are not allowed to transfer, assign, sell, license, lease, loan, or rent the Software in any form, to any other persons or businesses without the prior written consent of AI. Without prejudice to AI’s other rights, this EULA will automatically terminate if You fail to abide by the terms and conditions herein. No license is granted under the terms of this EULA if You did not lawfully acquire the Copyrighted Materials. **UNLESS APPROVED BY AI IN WRITING, THIS LICENSE SHALL BE VOIDED IF THE SOFTWARE IS INSTALLED WITHOUT A VALID ARCHIBUS SOFTWARE LICENSE.**

Unless AI expressly specifies in the Software and User Documentation or otherwise agrees in writing, all Software shall be governed by the “Scope of License” Section of this EULA. As specified in the Software and User Documentation, AI’s license grant is also subject to one or more of the license parameters defined in the “License Parameters” Section of this EULA.

SCOPE OF LICENSE

If You wish to use the Copyrighted Materials in a computer network, information system enterprise, internal use time sharing system, or any other multiple terminal, computer or CPU, You must obtain a concurrent-user and/or named-user license of the Software for use with each separate computer or CPU accessing the Software at the same time. An ARCHIBUS Software Access License such as an ARCHIBUS Infrastructure Connection Point (“**ICP**” or “**ICPs**”) License or an ARCHIBUS Application Connection Point (“**ACP**” or “**ACPs**”) License is required if an End-User seeks to access and/or provide access to the ARCHIBUS database, database tables, data modules, data schemas and/or documentation (“**ARCHIBUS Environment**”) utilizing ARCHIBUS, ARCHIBUS Web Central or any other third party applications. Likewise, if You utilize virtualization technologies (utilizing products such as Citrix® or VMware®), an ARCHIBUS Software Access License (such as an ICP, ACP) is required for each concurrent user and/or named user. Use of software and/or hardware that manages the number of users directly accessing or utilizing the server software (sometimes called *virtualization, multiplexing or pooling* software and/or hardware) or use of server clustering will not reduce the number of concurrent-user and/or named-user licenses required under this EULA. The number of licenses required under this EULA should equal or exceed the number of distinct concurrent-user or named-user inputs to the virtualization, multiplexing, pooling, or clustering software and/or hardware “front end.” The actual number of licenses granted by AI shall be evidenced by AI’s license records. Any supplemental software provided by AI shall be considered part of the Copyrighted Materials and subject to the terms of this EULA.

Additionally, functional limitations may apply as specified in the applicable Software and User Documentation.

Additional Restrictions for the Utilization of Third-Party Hosted Software Services Providers (Annual Registration Required): You may engage a “Third-Party”, to “Host” some or all of the Software You own, provided that you become an active participant in the “ARCHIBUS Third-Party Hosted Software Services Program”. Your “Third Party Host” must have received prior approval from AI and as such, be a registered “ARCHIBUS Third Party Hosted Software Services Provider”. Information and registration for this program can be found at www.archibus.com/licenses. Participation in this program includes the “registration” of your “ARCHIBUS Third-Party Hosted Services Provider(s)” with AI (which requires the payment of the applicable annual “*ARCHIBUS Third-Party Software Services Provider Registration Fee*” for each “Third Party” Host that You utilize). You must register Your Software (that you plan to “host”) and Your “ARCHIBUS Third Party Hosted Software Services Provider(s)” with AI at www.archibus.com/licenses. Your “Hosted” Software and Your “ARCHIBUS Third Party Hosted Software Services Provider(s)” must be registered to remain in compliance with this EULA.

Additional Restrictions for Remote Access and Use of Your Software: Unless You are a participant in the “ARCHIBUS Third-Party Hosted Software Services Program” or work with AASs and/or PSPs (ARCHIBUS Non-Software Provider Business Partners), You may not (i) provide computer time-sharing access to Your software to third parties; and/or (ii) let Your Software be used by persons outside Your operations (persons who are not full-time, part-time, or contracted workers of the Licensee) or by those that do not have a valid EULA. You are not allowed to transfer, assign, sell, license, lease, loan, or rent the Software in any form, to any other persons or businesses without the prior written consent of AI. Without prejudice to AI’s other rights, this EULA will automatically terminate if You fail to abide by the terms and conditions herein.

In such cases, the term of license shall be the term identified by AI in the applicable Software and User Documentation (the “Designated Term”) or the term, for which You have paid, whichever is less. If AI identifies the Software as licensed for a fixed term, limited duration, leased, or rental and does not specify a term, then the Designated Term shall expire ninety (90) days after the date You first installed the Software. with the Software; and (iv) the VPN connection is secure and complies with the current industry standard encryption and protection mechanisms.

Additional Restrictions Related to Software Upgrades and Software Updates: If AI labels the Software in the User Documentation as an upgrade or update ("**New Version**") to Software previously licensed to You ("**Previous Version**"), the license grant with respect to the Previous Version terminates ninety (90) days after installation of the New Version. Within such ninety (90) day period of installing the New Version: (i) You must cease all use of the Previous Version and Uninstall all copies of the Previous Version; and (ii) destroy all AI materials relating to the Previous Version or, upon request by AI, return all such AI Materials relating to the Previous Version to AI or the company from which they were acquired. AI reserves the right to require You to show satisfactory proof that all copies of the Previous Version have been Uninstalled and all AI Materials relating to the Previous version have been destroyed or returned. If You are a current participant in the ARCHIBUS Software Subscription Program, You may have additional rights under the ARCHIBUS Software Subscription Program and the obligations in this Section may not apply to You.

Additional Restrictions Related to Software Crossgrades: If AI labels the Software in the User Documentation as a Crossgrade ("**Crossgrade**") to Software previously licensed to You ("**Previous Version**"), the license grant with respect to the Previous Version terminates ninety (90) days after installation of the Crossgrade. Within such ninety (90) day period of installing the Crossgrade: (i) You must cease all use of the Previous Version and Uninstall all copies of the Previous Version; and (ii) destroy all AI materials relating to the Previous Version or, upon request by AI, return all such AI Materials relating to the Previous Version to AI or the company from which they were acquired. If You are a current participant in the ARCHIBUS Software Subscription Program, You may have additional rights under the ARCHIBUS Software Subscription Program and the obligations in this Section may not apply to You.

Simultaneous Use of Current and Previous Versions of Software: As per the current ARCHIBUS Software Subscription Program Terms and Conditions, a subscription program participant is entitled to install the current version of the Software and continue to use previous version(s) of the Software during the term of a subscription contract and any renewal term(s). Please refer to the specific ARCHIBUS Software Subscription Program Terms and Conditions cited in Your ARCHIBUS Software Subscription Program Agreement associated with your User Documentation. In some cases, You may use Your Concurrent-User or Named-User Licenses for either Your current version of the Software or Your previous version(s) of the Software. As such, You may "split" your ARCHIBUS Software Access License to enable the use of both the current and/or previous versions of the Software (This is where You may "split" the number of ICPs and/or ACPs between Your current and previous version(s) of the Software).

Software Components: The Software is licensed to You as a single product and its components may not be separated for installation, access, or distribution on more than one (1) computer unless expressly permitted by AI in the applicable User Documentation.

Termination of Licenses Grant or This EULA: Upon termination of the license grant or this EULA, (i) You must cease all use of the Previous Version and Uninstall all copies of the Previous Version; and (ii) destroy all AI materials relating to the Previous Version or, upon request by AI, return all such AI Materials relating to the Previous Version to AI or the company from which they were acquired. AI reserves the right to require You to show satisfactory proof that all copies of the Previous Version have been Uninstalled and all AI Materials relating to the Previous version have been destroyed or returned.
