If there is an increase in annual maintenance and support charges, Contractor shall give City written notice of such increase at least thirty (30) days prior to the expiration of the applicable maintenance period. Annual maintenance and support charges be in accordance with Appendix B.

b. **Payment Limited to Satisfactory Delivery of Software.** Contractor is not entitled to any payments from City until City’s acceptance of the Software. Payments to Contractor by City shall not excuse Contractor from its obligation to resolve unsatisfactory delivery of the Software even if the unsatisfactory character of the delivery of such Software may not have been apparent or detected at the time such payment was made.

c. **Withhold Payments.** If Contractor and/or Manufacturer fail to provide and/or deliver the Software and Support Services in accordance with Contractor's obligations under this Agreement, the City may withhold payments due Contractor directly related to the failure until

16. Submitting False Claims. The full text of San Francisco Administrative Code Chapter 21, Section 21.35, including the enforcement and penalty provisions, is incorporated into this Agreement. Pursuant to San Francisco Administrative Code §21.35, any contractor or subcontractor who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. A contractor or subcontractor will be deemed to have submitted a false claim to the City if the contractor or subcontractor: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

17. Payment of Taxes

a. Except for any applicable California sales and use taxes charged by Contractor to City, Contractor shall pay all taxes, including possessory interest taxes levied upon or as a result of this Agreement, or the Services delivered pursuant hereto. Contractor shall remit to the State of California any sales or use taxes paid by City to Contractor under this Agreement. Contractor agrees to promptly provide information requested by the City to verify Contractor's compliance with any State requirements for reporting sales and use tax paid by City under this Agreement.

b. Contractor acknowledges that this Agreement may create a "possessory interest" for property tax purposes. Generally, such a possessory interest is not created unless the Agreement entitles the Contractor to possession, occupancy, or use of City property for private gain. If such a possessory interest is created, then the following shall apply:

(i) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that Contractor, and any permitted successors and assigns, may be subject to real property tax assessments on the possessory interest.

(ii) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that the creation, extension, renewal, or assignment of this Agreement may result in a "change in ownership" for purposes of real property taxes, and therefore may result in a revaluation of any possessory interest created by this Agreement. Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report on behalf of the City to the County Assessor the information required by Revenue and Taxation Code section 480.5, as amended from time to time, and any successor provision.

(iii) Contractor, on behalf of itself and any permitted successors and assigns, recognizes and understands that other events also may cause a change of ownership of the possessory interest and result in the revaluation of the possessory interest. (see, e.g., Rev. & Tax. Code section 64, as amended from time to time). Contractor accordingly agrees on behalf of itself and its permitted successors and assigns to report any change in ownership to the County Assessor, the State Board of Equalization or other public agency as required by law.

(iv) Contractor further agrees to provide such other information as may be requested by the City to enable the City to comply with any reporting requirements for possessory interests that are imposed by applicable law

18. Qualified Personnel. Contractor shall ensure Contractor and Manufacturer utilize only competent personnel under the supervision of, and in the employment of, Contractor and Manufacturer (or Contractor and Manufacturer's authorized subcontractors) with regard to the performance of this Agreement.

19. Responsibility for Equipment. City shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or by any of its employees, even though such equipment be furnished, rented or loaned to Contractor by City. The acceptance or use of such equipment by Contractor or any of its employees means that Contractor accepts full responsibility for and agrees to exonerate, indemnify, defend and save harmless City from and against any and all claims for any damage or injury of any type arising from the use, misuse or failure of such equipment, whether such damage be to Contractor, its employees, City employees or third parties, or to property belonging to any of the above.

20. Independent Contractor; Payment of Taxes and Other Expenses

a. **Independent Contractor.** For the purposes of this Article 4, "Contractor" shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Agreement. Contractor, its agents, and employees will not represent or hold themselves out to be employees of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor's performing services and work, or any agent or employee of Contractor providing same. Nothing in this Agreement shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Agreement referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Agreement. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor's compliance with this section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Agreement, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor's receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

b. **Payment of Taxes and Other Expenses.** Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Agreement (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees

from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys' fees, arising from this section.

21. Insurance

a. **Required Coverages.** Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverages:

(i) Workers' Compensation, in statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and

(ii) Commercial General Liability Insurance with limits not less than \$1,000,000 each occurrence and \$2,000,000 general aggregate for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; and

(iii) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence, "Combined Single Limit" for Bodily Injury and Property Damage, including, Non-Owned and Hired auto coverage, as applicable.

b. Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:

(i) The City and County of San Francisco, its Officers, Agents, and Employees will be covered as Additional Insured under the Contractor's blanket additional insured endorsement.

(ii) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.

c. Technology Errors and Omissions Liability with limits of \$3,000,000 each occurrence and each loss, and \$10,000,000 general aggregate. The policy shall at a minimum cover professional misconduct or lack of the requisite skill required for the performance of services defined in the contract and shall also provide coverage for the following risks:

(i) Network security liability arising from the unauthorized access to, use of, or tampering with computers or computer systems, including hacker attacks; and

(ii) Liability arising from the introduction of any form of malicious software including computer viruses into, or otherwise causing damage to the City's or third person's computer, computer system, network, or similar computer related property and the data, software, and programs thereon.

d. All policies shall be endorsed to provide thirty (30) days' advance written notice to the City of cancellation for any reason, intended non-renewal, or reduction in coverages. Notices shall be sent to the City address set forth in Section 11.1, entitled "Notices to the Parties."

e. Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of three years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

f. Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

g. Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

h. Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.

i. The Workers' Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

j. If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.

k. Reserved.

22. Indemnification

a. **General Indemnification.** Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all liabilities (legal, contractual, or otherwise), losses, damages, costs, expenses, or claims for injury or damages (collectively, "Claims"), arising from or in any way connected with Contractor's performance of the Agreement, including but not limited to, any: (i) injury to or death of a person, including employees of City or Contractor; (ii) loss of or damage to property; (iii) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (iv) strict liability imposed by any law or regulation; or (v) losses arising from Contractor's execution of subcontracts not in accordance with the requirements of this Agreement applicable to subcontractors; except where such Claims are the result of the sole active negligence or willful misconduct of City. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City's costs of investigating any claims against the City. In addition to Contractor's obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such Claim is tendered to Contractor by City and continues at all times thereafter.

b. **Infringement Indemnification.** If notified promptly in writing of any judicial action brought against City based on an allegation that City's use of the Software and Services infringes

a patent, copyright, or any right of a third-party or constitutes misuse or misappropriation of a trade secret or any other right in intellectual property (Infringement), Contractor will hold City harmless and defend such action at its own expense. Contractor will pay the costs and damages awarded in any such action or the cost of settling such action, provided that Contractor shall have sole control of the defense of any such action and all negotiations or its settlement or compromise. If notified promptly in writing of any informal claim (other than a judicial action) brought against City based on an allegation that City's use of the Software and/or Services constitutes Infringement, Contractor will pay the costs associated with resolving such claim and will pay the settlement amount (if any), provided that Contractor shall have sole control of the resolution of any such claim and all negotiations for its settlement. In the event a final injunction is obtained against City's use of the Software and Services by reason of Infringement, or in Contractor's opinion City's use of the Software and Services is likely to become the subject of Infringement, Contractor may at its option and expense: (a) procure for City the right to continue to use the Software and Services as contemplated hereunder, (b) replace the Software and Services with a non-infringing, functionally equivalent substitute Software and Services, or (c) suitably modify the Software and Services to make its use hereunder non-infringing while retaining functional equivalency to the unmodified version of the Software and Services. If none of these options is reasonably available to Contractor, then the applicable Authorization Document or relevant part of such Authorization Document may be terminated at the option of either Party hereto and Contractor shall refund to City all amounts paid under this Agreement for the license of such infringing Software and/or Services. Any unauthorized modification or attempted modification of the Software and Services by City or any failure by City to implement any improvements or updates to the Software and Services, as supplied by Contractor, shall void this indemnity unless City has obtained prior written authorization from Contractor permitting such modification, attempted modification or failure to implement. Contractor shall have no liability for any claim of Infringement based on City's use or combination of the Software and Services with products or data of the type for which the Software and Services was neither designed nor intended to be used.

23. Incidental and Consequential Damages. Notwithstanding anything to the contrary in **Appendix A**, Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor's acts or omissions.

24. Liability of City.

a. **LIABILITY OF CITY.** NOTWITHSTANDING ANYTHING TO THE CONTRARY IN APPENDIX A, CITY'S PAYMENT OBLIGATIONS UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PAYMENT OF THE COMPENSATION PROVIDED FOR IN SECTION 3.3.1, "PAYMENT," OF THIS AGREEMENT. NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS AGREEMENT.

b. **LIABILITY OF CONTRACTOR.** NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, CONTRACTOR'S CUMULATIVE DAMAGE LIABILITY UNDER THIS AGREEMENT, SHALL BE LIMITED TO THE VALUE OF THIS

AGREEMENT. CONTRACTOR'S LIABILITY LIMIT SET FORTH HEREIN SHALL NOT APPLY TO (1) DAMAGES CAUSED BY CONTRACTOR'S GROSS NEGLIGENCE, RECKLESS CONDUCT OR WILLFUL ACTS OR OMISSIONS, (2) LIMIT CLAIMS OR GENERAL DAMAGES THAT FALL WITHIN THE INSURANCE COVERAGE REQUIRED UNDER THIS AGREEMENT, (3) STATUTORY FINES, EXPENSES, DAMAGES CAUSED BY CONTRACTOR'S VIOLATION OF FEDERAL, STATE AND/OR LOCAL LAWS, IN PARTICULAR THOSE INCLUDED IN THIS AGREEMENT, (4) CONTRACTOR'S OBLIGATION TO INDEMNIFY AND DEFEND CITY PURSUANT TO THE GENERAL INDEMNIFICATION CLAUSE AND FOR INTELLECTUAL PROPERTY INFRINGEMENT, (5) CONTRACTOR'S WARRANTIES UNDER THIS AGREEMENT, AND (6) WRONGFUL DEATH CAUSED BY CONTRACTOR.

25. Nondisclosure. Notwithstanding any statement to the contrary in Appendix A, each receiving Party of proprietary or Confidential Information pursuant to this Agreement agrees and acknowledges that it shall have no proprietary interest in the Confidential Information and will not disclose, communicate nor publish the nature or content of such information to any person or entity, nor use, except in connection with the performance of its obligations under this Agreement or as otherwise authorized in writing by the disclosing Party, any of the Confidential Information it produces, receives, acquires or obtains from the disclosing Party. The receiving Party shall take all necessary steps to ensure that the Confidential Information is securely maintained. The receiving Party's obligations set forth herein shall survive the termination or expiration of this Agreement. In the event the receiving Party becomes legally compelled to disclose any of the Confidential Information, it shall provide the disclosing Party with prompt notice thereof and shall not divulge any information until the disclosing Party has had the opportunity to seek a protective order or other appropriate remedy to curtail such disclosure. If such actions by the disclosing Party are unsuccessful, or the disclosing Party otherwise waives its right to seek such remedies, the receiving Party shall disclose only that portion of the Confidential Information which it is legally required to disclose.

26. Proprietary or Confidential Information of City. Contractor understands and agrees that, in the performance of the work or services under this Agreement or in contemplation thereof, Contractor may have access to private or confidential information which may be owned or controlled by City and that such information may contain proprietary or confidential details, the disclosure of which to third parties may be damaging to City. Contractor agrees that all information disclosed by City to Contractor shall be held in confidence and used only in the performance of the Agreement. Contractor shall exercise the same standard of care to protect such information as a reasonably prudent Contractor would use to protect its own proprietary data.

27. Protection of Private Information. Contractor has read and agrees to the terms set forth in San Francisco Administrative Code Sections 12M.2, "Nondisclosure of Private Information," and 12M.3, "Enforcement" of Administrative Code Chapter 12M, "Protection of Private Information," which are incorporated herein as if fully set forth. Contractor agrees that any failure of Contractor to comply with the requirements of Section 12M.2 of this Chapter shall be a material breach of the Contract. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate the Contract, bring a false claim action against the Contractor pursuant to Chapter 6 or Chapter 21 of the Administrative Code, or debar the Contractor.

28. Termination

a. **Basis for Termination by City.** City shall have the right, without further obligation or liability to Contractor (except as specified in Sections 29 (Protection of Private Information) and 30(c) (Disposition of Licensed Software on Termination) hereof): (i) to immediately terminate this Agreement or the applicable Authorization Document if Contractor fails to perform any of its obligations under this Agreement and fails to remedy such failure to perform within fifteen (15) days after written notice by City of such failure to perform, in which event, Contractor shall reimburse City in the same manner as for the removal of the Licensed Software due to infringement under Section 13; or (ii) to terminate this Agreement or the applicable Authorization Document upon ninety (90) days prior written notice for any reason if the license granted hereunder is for any term other than perpetual. In the event the license granted is perpetual, termination of this Agreement or the applicable Authorization Document by City shall be effective upon receipt by Contractor of written notice of said termination. In the event of such termination, Contractor will be paid for those maintenance services performed under this Agreement to the satisfaction of the City, up to the date of termination. However, City may offset from any such amounts due Contractor any costs City has or will incur due to Contractor's non-performance. Any such offset by City will not constitute waiver of any other remedies City may have against Contractor for financial injury or otherwise.

b. **Termination for Convenience.** City shall have the option, in its sole discretion, to terminate this Agreement, at any time during the term thereof, for City's convenience and without cause by giving Contractor thirty days written notice of such termination. In the event of such termination, Contractor will be paid for those services performed, pursuant to this Agreement, to the satisfaction of the City up to the date of termination. In no event will City be liable for costs incurred by Contractor after receipt of notice of termination. Such non-recoverable costs include, but are not limited to, anticipated profits on the maintenance portion of this Agreement, post-termination employee salaries, post-termination administrative expenses, or any other cost which is not authorized or reasonable under this section.

c. **Disposition of Licensed Software on Termination.** Upon the expiration or termination of this Agreement or an applicable Authorization Document for any reason other than as provided for in Section 5(a) (Grant of License), City shall immediately: (i) return the Licensed Software to Contractor together with all Documentation; (ii) purge all copies of the Licensed Software or any portion thereof from all CPU's and from any computer storage medium or device on which City has placed or permitted others to place the Licensed Software; and (iii) give Contractor written certification that through its best efforts and to the best of its knowledge, City has complied with all of its obligations under Section 30(c).

30. Bankruptcy. In the event that either Party and/or Manufacturer shall cease conducting business in the normal course, become insolvent, make a general assignment for the benefit of creditors, suffer or permit the appointment of a receiver for its business or assets or shall avail itself of, or become subject to, any proceeding under the Federal Bankruptcy Act or any other statute of any state relating to insolvency or the protection of rights of creditors, then at the option of the other Party this Agreement shall terminate and be of no further force and effect. Upon termination of this Agreement pursuant to this Section, Contractor shall ensure Contractor and/or Manufacturer, within forty-eight (48) hours, return City's Data in an agreed-upon machine readable format. Once Contractor has received written confirmation from City that City's Data has been successfully transferred to City, Contractor shall ensure Contractor and/or Manufacturer, within thirty (30) calendar days, purges or physically destroys all City Data from its hosted servers or files and provide City with written certification within five (5) calendar days

that such purge and/or physical destruction has occurred. Secure disposal shall be accomplished by “purging” or “physical destruction,” in accordance with National Institute of Standards and Technology (NIST) Special Publication 800-88 or most current industry standard.

31. Audit and Inspection of Records. Contractor agrees to ensure Contractor and Manufacturer maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its SaaS Software and Services. Contractor will ensure Contractor and Manufacturer permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Agreement, whether funded in whole or in part under this Agreement. Contractor shall ensure Contractor and Manufacturer maintain such data and records in an accessible location and condition for a period of not less than five years after final payment under this Agreement or until after final audit has been resolved, whichever is later. The State of California or any Federal agency having an interest in the subject matter of this Agreement shall have the same rights as conferred upon City by this Section. Contractor shall ensure Contractor and Manufacturer include the same audit and inspection rights and record retention requirements in all subcontracts related to the SaaS Software and Services delivered to City under this agreement.

32. Subcontracting. Contractor is prohibited from subcontracting this Agreement or any part of it unless such subcontracting is first approved by City in writing. Neither party shall, on the basis of this Agreement, contract on behalf of or in the name of the other party. An agreement made in violation of this provision shall confer no rights on any party and shall be null and void.

33. Assignment. The Software to be delivered by Contractor are personal in character and neither this Agreement nor any duties or obligations hereunder may be assigned or delegated by Contractor unless first approved by City by written instrument executed and approved in the same manner as this Agreement. Any purported assignment made in violation of this provision shall be null and void.

34. Alcohol and Drug-Free Workplace. City reserves the right to deny access to, or require Contractor to remove from, City facilities personnel of any Contractor or subcontractor who City has reasonable grounds to believe has engaged in alcohol abuse or illegal drug activity which in any way impairs City's ability to maintain safe work facilities or to protect the health and well-being of City employees and the general public. City shall have the right of final approval for the entry or re-entry of any such person previously denied access to, or removed from, City facilities. Illegal drug activity means possessing, furnishing, selling, offering, purchasing, using or being under the influence of illegal drugs or other controlled substances for which the individual lacks a valid prescription. Alcohol abuse means possessing, furnishing, selling, offering, or using alcoholic beverages, or being under the influence of alcohol.

35. Compliance with Americans with Disabilities Act. Contractor acknowledges that, pursuant to the Americans with Disabilities Act (ADA), programs, services and other activities provided by a public entity to the public, whether directly or through a contractor, must be accessible to the disabled public. Contractor shall provide the services specified in this Agreement in a manner that complies with the ADA and any and all other applicable federal, state and local disability rights legislation. Contractor agrees not to discriminate against disabled persons in the provision of services, benefits or activities provided under this Agreement and further agrees that any violation of this prohibition on the part of Contractor, its employees,

agents or assigns will constitute a material breach of this Agreement. Contractor shall adhere to the requirements of the Americans with Disabilities Act of 1990 (ADA), as amended (42 U.S.C. Sec. 1201 *et seq.*) and Section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. Sec. 794d)..

36. Sunshine Ordinance. Contractor acknowledges that this Agreement and all records related to its formation, Contractor's performance of Services, and City's payment are subject to the California Public Records Act, (California Government Code §6250 *et seq.*), and the San Francisco Sunshine Ordinance, (San Francisco Administrative Code Chapter 67). Such records are subject to public inspection and copying unless exempt from disclosure under federal, state or local law.

37. Prohibition on Use of Public Funds for Political Activity. In performing the Services, Contractor shall comply with San Francisco Administrative Code Chapter 12G, which prohibits funds appropriated by the City for this Agreement from being expended to participate in, support, or attempt to influence any political campaign for a candidate or for a ballot measure. Contractor is subject to the enforcement and penalty provisions in Chapter 12G.

38. Limitations on Contributions. By executing this Agreement, Contractor acknowledges that it is familiar with section 1.126 of the City's Campaign and Governmental Conduct Code, which prohibits any person who contracts with the City for the rendition of personal services, for the furnishing of any material, supplies or equipment, for the sale or lease of any land or building, or for a grant, loan or loan guarantee, from making any campaign contribution to (1) an individual holding a City elective office if the contract must be approved by the individual, a board on which that individual serves, or the board of a state agency on which an appointee of that individual serves, (2) a candidate for the office held by such individual, or (3) a committee controlled by such individual, at any time from the commencement of negotiations for the contract until the later of either the termination of negotiations for such contract or six months after the date the contract is approved. The prohibition on contributions applies to each prospective party to the contract; each member of Contractor's board of directors; Contractor's chairperson, chief executive officer, chief financial officer and chief operating officer; any person with an ownership interest of more than 20 percent in Contractor; any subcontractor listed in the bid or contract; and any committee that is sponsored or controlled by Contractor. Contractor must inform each such person of the limitation on contributions imposed by Section 1.126 and provide the names of the persons required to be informed to City.

39. Conflict of Interest. By executing this Agreement, Contractor certifies that it does not know of any fact which constitutes a violation of Section 15.103 of the City's Charter; Article III, Chapter 2 of City's Campaign and Governmental Conduct Code; Title 9, Chapter 7 of the California Government Code (Section 87100 *et seq.*), or Title 1, Division 4, Chapter 1, Article 4 of the California Government Code (Section 1090 *et seq.*), and further agrees promptly to notify the City if it becomes aware of any such fact during the term of this Agreement.

40. Non-Waiver of Rights. Notwithstanding anything to the contrary in Appendix A, the omission by either Party at any time to enforce any default or right reserved to it, or to require performance of any of the terms, covenants, or provisions hereof by the other Party at the time designated, shall not be a waiver of any such default or right to which the Party is entitled, nor shall it in any way affect the right of the Party to enforce such provisions thereafter.

41. Modification of Agreement. This Agreement may not be modified, nor may compliance with any of its terms be waived, except as noted in Section 11.1, "Notices to Parties," regarding change in personnel or place, and except by written instrument executed and approved in the same manner as this Agreement.

42. Dispute Resolution Procedure

a. **Negotiation; Alternative Dispute Resolution.** The Parties will attempt in good faith to resolve any dispute or controversy arising out of or relating to the performance of services under this Agreement. If the Parties are unable to resolve the dispute, then, pursuant to San Francisco Administrative Code Section 21.36, Contractor may submit to the Contracting Officer a written request for administrative review and documentation of the Contractor's claim(s). Upon such request, the Contracting Officer shall promptly issue an administrative decision in writing, stating the reasons for the action taken and informing the Contractor of its right to judicial review. If agreed by both Parties in writing, disputes may be resolved by a mutually agreed-upon alternative dispute resolution process. If the Parties do not mutually agree to an alternative dispute resolution process or such efforts do not resolve the dispute, then either Party may pursue any remedy available under California law. The status of any dispute or controversy notwithstanding, Contractor shall proceed diligently with the performance of its obligations under this Agreement in accordance with the Agreement and the written directions of the City. Neither Party will be entitled to legal fees or costs for matters resolved under this section.

b. **Government Code Claim Requirement.** No suit for money or damages may be brought against the City until a written claim therefor has been presented to and rejected by the City in conformity with the provisions of San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq. Nothing set forth in this Agreement shall operate to toll, waive or excuse Contractor's compliance with the California Government Code Claim requirements set forth in San Francisco Administrative Code Chapter 10 and California Government Code Section 900, et seq.

43. Agreement Made in California; Venue. Notwithstanding anything to the contrary in Appendix A, the formation, interpretation and performance of this Agreement shall be governed by the laws of the State of California. Venue for all litigation relative to the formation, interpretation and performance of this Agreement shall be in San Francisco.

44. Construction. All paragraph captions are for reference only and shall not be considered in construing this Agreement.

45. Entire Agreement. This contract sets forth the entire Agreement between the Parties, and supersedes all other oral or written provisions. This Agreement may be modified only as provided in Section 37 herein.

46. Compliance with Laws. Contractor shall keep itself fully informed of the City's Charter, codes, ordinances and duly adopted rules and regulations of the City and of all state, and federal laws in any manner affecting the performance of this Agreement and must at all times comply with such local codes, ordinances, and regulations and all applicable laws as they may be amended from time to time.

47. Order of Precedence. Notwithstanding anything to the contrary in Appendix A, Contractor agrees that as between Contractor and City and in the event of discrepancy, inconsistency, gap, ambiguity, or conflicting language between the City's terms and

Manufacturer's terms, the terms of this Agreement shall take precedence, followed by the printed terms of the Manufacturer's.

48. Food Service Waste Reduction Requirements. Contractor shall comply with the Food Service Waste Reduction Ordinance, as set forth in San Francisco Environment Code Chapter 16, including but not limited to the remedies for noncompliance provided therein.

49. Cooperative Drafting. This Agreement has been drafted through a cooperative effort of City and Contractor, and both Parties have had an opportunity to have the Agreement reviewed and revised by legal counsel. No Party shall be considered the drafter of this Agreement, and no presumption or rule that an ambiguity shall be construed against the Party drafting the clause shall apply to the interpretation or enforcement of this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the day first mentioned above.

Appendix A Manufacturer Terms

AUTODESK LICENSES THE SOFTWARE AND OTHER LICENSED MATERIALS ONLY ON THE CONDITION THAT LICENSEE ACCEPTS ALL OF THE TERMS CONTAINED OR REFERENCED IN THIS APPENDIX A.

By executing this Appendix A in writing, (i) you accept this Appendix A on behalf of the entity for which you are authorized to act (e.g., an employer) and acknowledge that such entity is legally bound by this Appendix A (and you agree to act in a manner consistent with this Appendix A) or, if there is no such entity for which you are authorized to act, you accept this Appendix A on behalf of yourself as an individual and acknowledge that you are legally bound by this Appendix A, and (ii) you represent and warrant that you have the right, power and authority to act on behalf of and bind such entity (if any) or yourself. You may not accept this Appendix A on behalf of another entity unless you are an employee or other agent of such other entity with the right, power and authority to act on behalf of such other entity.

If Licensee is unwilling to accept this Appendix A, or you do not have the right, power and authority to act on behalf of and bind such entity or yourself as an individual (if there is no such entity):

(a) DO NOT EXECUTE THIS AGREEMENT; AND

(b) WITHIN THIRTY (30) DAYS FROM THE DATE OF ACQUIRING THE AUTODESK MATERIALS, LICENSEE MAY RETURN THE AUTODESK MATERIALS (INCLUDING ANY COPIES) TO THE ENTITY FROM WHICH THEY WERE ACQUIRED FOR A REFUND OF THE APPLICABLE LICENSE FEES PAID BY THE LICENSEE.

The words "Autodesk", "Appendix A" and "Licensee" and other capitalized terms used in this Appendix A are defined terms. The definitions can be found in Exhibit A (if the terms are not defined in the main body of the Appendix A).

1. License

1.1 License Grant. Subject to and conditioned on Licensee's continuous compliance with this Appendix A and payment of the applicable fees, Autodesk grants Licensee a nonexclusive, non-sublicensable, nontransferable, limited license to Install and Access the Licensed Materials, in each case solely (a) in the Territory, (b) within the scope of the License Type and Permitted Number specified in the applicable License Identification, and (c) in accordance with the other terms of this Appendix A. Various License Types are described in Exhibit B. In any case where the License Identification does not specify a License Type or Permitted Number, or there is no License Identification, the License Type will, by default, be the Evaluation License and the Permitted Number will, by default, be one (1).

1.2 Upgrades and Previous Versions.

1.2.1 Effect of Upgrades. If Autodesk or a Reseller provides Licensee with an Upgrade to other Licensed Materials previously licensed to Licensee, the Licensed Materials previously licensed to Licensee and any other Autodesk Materials relating thereto will thereafter be deemed to be a “Previous Version.” Except as set forth in this Appendix A, the license grant and other rights with respect to any Previous Version will terminate one hundred twenty (120) days after Installation of the Upgrade. Within such one hundred twenty (120) day period: (a) Licensee must cease all use of any Previous Version and Uninstall all copies of the Previous Version, and (b) upon expiration of such period, such Previous Version will no longer constitute Licensed Materials but rather will be deemed to be Excluded Materials and Licensee will no longer have a license for any such Previous Version. At Autodesk’s request, Licensee agrees to destroy or return to Autodesk or the Reseller from which they were acquired all copies of the Previous Version. Autodesk reserves the right to require Licensee to show satisfactory proof that all copies of any Previous Version have been Uninstalled and, if so requested by Autodesk, destroyed or returned to Autodesk or the Reseller from which they were acquired.

1.3 Additional Terms. The Licensed Materials (or portions thereof) may be subject to terms (e.g., terms accompanying such Licensed Materials or made available in connection with ordering, installing, downloading, accessing, using or copying such Licensed Materials) that are in addition to or different from the terms set forth in this Appendix A.

1.4 Other Materials. If Autodesk provides or makes available to Licensee any additional materials associated with the Licensed Materials, including any corrections, patches, service packs, updates or upgrades to, or new versions of, the Licensed Materials (including Upgrades) or any Supplemental Materials or User Documentation for the Licensed Materials, (a) such additional materials may include or be subject to other terms in addition to or different from the terms set forth in this Appendix A (including, without limitation, additional or different fees, license terms, or restrictions on use), or (b) if there are no other terms for such additional materials, they will (except as otherwise provided by Section 1.2 (Upgrades and Previous Versions)) be subject to the same terms (including, without limitation, the licenses, applicable License Type and Permitted Number, and other terms of this Appendix A) as the Licensed Materials to which such additional materials apply. In no event will the foregoing result in any rights with respect to Excluded Materials.

1.5 Authorized Users. Licensee may permit the Licensed Materials to be Installed and/or Accessed only by Licensee’s Personnel (except as otherwise designated in the applicable License Type), and any such Installation or Access will be subject to any other requirements imposed by this Appendix A and the applicable License Type and Permitted Number. Licensee will be responsible for compliance with this Appendix A by Licensee’s Personnel and any other persons who may have Access to the Autodesk Materials through Licensee (whether or not such Access is authorized by Autodesk or within the scope of the applicable License Type and Permitted Number).

1.6 Third-Party Licensed Materials. The Autodesk Materials may contain or be accompanied by third-party software, data or other materials that are subject to and provided in accordance with terms that are in addition to or different from the terms set forth in this Appendix A. Such terms may be included or referenced in or with such third-party software, data

or other materials (e.g., in the “About box”) or a web page specified by Autodesk (the URL for which may be obtained on Autodesk’s website or on request to Autodesk). In addition, Licensee will take sole responsibility for obtaining and complying with any licenses that may be necessary to use third-party software, data or other materials that Licensee uses or obtains for use in conjunction with the Licensed Materials. Licensee acknowledges and agrees that Autodesk has no responsibility for, and makes no representations or warranties regarding, such third-party software, data or other materials or Licensee’s use of such third-party software, data or other materials.

1.7 Reserved

1.8 Services. Autodesk may provide, and Licensee may elect to receive or benefit from, certain Services from time to time. Any Services are subject to Autodesk’s terms therefor, which terms are set forth in the applicable Services Terms. Licensee agrees that if it requests, accepts, or makes use of any Services, Licensee will be bound by such terms.

1.9 Archival Copy. Licensee’s license under Section 1.1 (License Grant) includes the right to make a single archival copy of the Licensed Materials in the Territory, provided that (a) the single-copy limitation will not apply to copies made as an incidental part of a routine backup of Licensee’s entire computer system on which the Licensed Materials are Installed in accordance with this Appendix A, where such backup includes the making of copies of substantially all other software on such computer system and (b) any archival copy may be Accessed or Installed (other than on a backup storage medium from which the Licensed Materials cannot be Accessed) only when and for so long as the primary copy of the Licensed Materials is inaccessible and inoperable. Copies of the Licensed Materials that are Installed and are in excess of the Permitted Number at any time while the primary copy of the Licensed Materials is also Accessible are not “archival copies” as permitted under this Section 1.9 (Archival Copy).

1.10 Nature of Licenses. Licensee acknowledges and agrees that when Licensee acquires a license of Licensed Materials, (including Services), Licensee’s acquisition is neither contingent on the delivery of any future features or functionality nor subject to any public or other comments (oral, written or otherwise) made by Autodesk regarding future features or functionality.

1.11 APIs. Licensee acknowledges and agrees that any API Information and Development Materials (unless otherwise specified by Autodesk in additional or different terms associated with such API Information or Development Materials) (a) are confidential and proprietary to Autodesk, (b) may not be distributed, disclosed or otherwise provided to third parties, (c) may be used only internally and only in conjunction with and for Licensee’s own authorized internal use of the Licensed Materials to which the API Information or Development Materials relate, such as the development and support of applications, modules and components to operate on or with such Licensed Materials, and (d) may only be Installed on the same Computer(s) where such Licensed Materials are permitted to be Installed. Notwithstanding the foregoing or Section 3 (All Rights Reserved), if Licensee develops any such applications, modules and components in accordance with this Appendix A, nothing in this Appendix A will prohibit Licensee from using

such applications, modules and components with (and porting such applications, modules and components to) other software and hardware (including the software and hardware of third parties), if such applications, modules and components (i) do not incorporate or embody any Development Materials or other Autodesk Materials (other than the API Information that was used in the development thereof in accordance with this Appendix A) and (ii) do not disclose the API Information. For purposes of this Section 1.11 (APIs), (A) “API Information” means the standard applications programming interface (“API”) information generally provided by Autodesk to licensees of the Licensed Materials that specifies the requirements for interfacing to (e.g., invoking or directing the functions of) the software included in such Licensed Materials; and (B) “Development Materials” means SDKs and other toolkits, libraries, scripts, reference or sample code, and similar developer materials included in the Licensed Materials. API Information does not include any implementation of such interface information, any Development Materials, or any other software, module or component.

2. License Limitations; Prohibitions

2.1 Limitations and Exclusions.

2.1.1 No License Granted; Unauthorized Activities. The parties acknowledge and agree that, notwithstanding anything to the contrary in this Appendix A, no license is granted (whether expressly, by implication or otherwise) under this Appendix A (and this Appendix A expressly excludes any right) (a) to Excluded Materials, (b) to any Autodesk Materials that Licensee did not acquire lawfully or that Licensee acquired in violation of or in a manner inconsistent with this Appendix A, (c) for Installation of or Access to the Licensed Materials beyond the applicable license term or outside the scope of the applicable License Type or Permitted Number, (d) for Installation of the Licensed Materials on any Computer other than a Computer owned or leased, and controlled, by Licensee, unless otherwise authorized in writing by Autodesk, (e) to distribute, rent, loan, lease, sell, sublicense, transfer or otherwise provide all or any portion of the Autodesk Materials to any person or entity except as expressly set forth in this Appendix A or as expressly authorized in writing by Autodesk, (f) to provide or make available any features or functionality of the Autodesk Materials to any person or entity (other than to and for Licensee itself for the purpose specified in the applicable License Type), whether or not over a network and whether or not on a hosted basis, (g) except as otherwise expressly provided with respect to a specific License Type, to Install or Access or allow the Installation of or Access to the Autodesk Materials over the Internet or other non-local network, including, without limitation, use in connection with a wide area network (WAN), virtual private network (VPN), virtualization, Web hosting, time-sharing, service bureau, software as a service, cloud or other service or technology, (h) to remove, alter or obscure any proprietary notices, labels or marks in the Autodesk Materials, (i) to decompile, disassemble or otherwise reverse engineer the Autodesk Materials, or (j) to translate, adapt, arrange, or create derivative works based on, or otherwise modify the Autodesk Materials for any purpose.

2.1.2 Licensed Materials as a Single Product. The Licensed Materials are licensed to Licensee as a single product and the applicable components may not be separated for Installation or Access (and all such components must be Installed and Accessed on the same Computer except as authorized in writing by Autodesk).

2.1.3 Territory. Except as otherwise authorized in writing by Autodesk, the licenses granted in this Appendix A are granted only for the Territory. Nothing in this Appendix A permits Licensee (including, without limitation, Licensee's Personnel, if any) to Install or Access the Licensed Materials outside of the Territory.

2.1.4 Effect of Unauthorized Use. Licensee will not engage in and will not permit or assist any third party to engage in any of the uses or activities prohibited (or any uses or activities inconsistent with the limitations described) in this Section 2.1 (Limitations and Exclusions) (collectively, "Unauthorized Uses"). Licensee will notify Autodesk promptly of any such Unauthorized Uses or other unauthorized Installation or Access.

2.2 Circumvention.

2.2.1 Licensee may not (i) utilize any equipment, device, software, or other means to (or designed to) circumvent or remove any form of technical protection used by Autodesk in connection with the Autodesk Materials, or (ii) Install or Access the Autodesk Materials with any product code, authorization code, serial number, or other copy protection device not supplied by Autodesk directly or through a Reseller. Without limitation of the generality of the foregoing, Licensee may not utilize any equipment, device, software, or other means to (or designed to) circumvent or remove the Autodesk License Manager or any tool or technical protection measure provided or made available by Autodesk for managing, monitoring or controlling Installation of or Access to Autodesk Materials.

2.2.2 Licensee may not utilize any equipment, device, software, or other means to (or designed to) circumvent or remove any usage restrictions, or to enable functionality disabled by Autodesk, in connection with the Excluded Materials. Licensee may not bypass or delete any functionality or technical limitations of the Autodesk Materials that (or that are designed to) prevent or inhibit the unauthorized copying of, Installation or Access to the Excluded Materials.

3. All Rights Reserved

3.1 Autodesk and its licensors retain title to and ownership of, and all other rights with respect to, the Autodesk Materials and all copies thereof, including, without limitation, any related copyrights, trademarks, trade secrets, patents, and other intellectual property rights. Licensee has only the limited licenses granted with respect to the Licensed Materials expressly set forth in this Appendix A, and Licensee has no other rights, implied or otherwise.

3.2 Licensee acknowledges and agrees that the Autodesk Materials are licensed, not sold, and that rights to Install and Access the Licensed Materials are acquired only under the license from Autodesk. The structure and organization of Software included in the Autodesk Materials, any source code or similar materials relating to such Software, any API Information and Development Materials (both as described in Section 1.11 (APIs)), and any other Licensed Materials identified as confidential or proprietary are valuable trade secrets of, and confidential and proprietary information of, Autodesk and its suppliers, and (a) may not be distributed, disclosed or otherwise provided to third parties, and (b) may be used only internally and only in conjunction with and for Licensee's own authorized internal use of the Licensed Materials.

4. Privacy; Use of Information; Connectivity

4.1 **Privacy and Use of Information.** Licensee acknowledges and agrees that Licensee (and third parties acting on Licensee's behalf) may provide, and Autodesk and its Resellers (and third parties acting on behalf of Autodesk and its Resellers) may obtain, certain information and data with respect to Licensee (including, without limitation, personal information) and Licensee's business in connection with this Appendix A, including, without limitation, information and data provided to or obtained by Autodesk and its Resellers (or third parties acting on behalf of Autodesk and its Resellers) through the Customer Information Form and otherwise, in connection with ordering, registration, activation, updating, validating entitlement to, auditing, monitoring Installation of and Access to Autodesk Materials Services and managing the relationship with Licensee. Licensee hereby consents to Autodesk maintaining, using, storing and disclosing such information and data (including, without limitation, personal information, if any) in conformity with Autodesk's policies on privacy and data protection, including without limitation Autodesk's Privacy Statement, as currently located at <http://usa.autodesk.com/privacy/>. Without limitation of the generality of the foregoing, Licensee acknowledges and agrees that: (a) Autodesk may from time to time prompt Licensee (and third parties acting on Licensee's behalf) to provide express agreement to the terms of Autodesk's Privacy Statement and/or express agreement to specific uses of information and data (including, without limitation, personal information); (b) Autodesk may provide information and data, including, without limitation, information and data about Licensee's use of Autodesk Materials and Licensee's support requests, to Autodesk subsidiaries and affiliates, Resellers and other third parties in connection with the provision, maintenance, administration or usage of Licensed Materials or Services or in connection with enforcement of any agreements relating to Licensed Materials or Services; and (c) Autodesk may make cross-border transfers of such information and data, including to jurisdictions with privacy or data protection laws that are less protective of Licensee than the jurisdiction in which Licensee is domiciled. Licensee and Autodesk acknowledge and agree that such policies may be changed from time to time by Autodesk, but not without prior written approval of Licensee, and that, effective upon posting on Autodesk's website or other written notice from Autodesk, Licensee will be subject to such changes.

4.2 **Connectivity.** Certain Licensed Materials may facilitate or require Licensee's access to and use of content and services that are hosted on websites maintained by Autodesk or by third parties. In some cases, such content and services may appear to be a feature or function within, or extension of, the Licensed Materials on Licensee's Computer even though hosted on such websites. Accessing such content or services and use of Licensed Materials may cause Licensee's Computer, without additional notice, to connect automatically to the Internet (transitorily, intermittently or on a regular basis) and to communicate with an Autodesk or third-party website—for example, for purposes of providing Licensee with additional information, features and functionality or to validate that the Licensed Materials and/or content or services are being used as permitted under this Appendix A or other applicable terms. Such connectivity to Autodesk websites is governed by Autodesk's policies on privacy and data protection described in this Section 4 (Privacy; Use of Information; Connectivity). Licensee acknowledges that such connectivity to websites of third parties may be governed by the terms (including the disclaimers and notices) found on such sites or otherwise associated with the third-party content or services. Autodesk does not control, endorse, or accept responsibility for any such third-party content or services, and any dealings between Licensee and any third party in connection with such content or services, including, without limitation, such third party's privacy policies, use of personal information, delivery of and payment for goods and services, and any other terms associated with such dealings, are solely between Licensee and such third party.

5. Limited Warranty and Disclaimers

5.1 Limited Warranty. Autodesk warrants that, as of the date on which the Licensed Materials are delivered to Licensee and for ninety (90) days thereafter or if the license term is shorter, such shorter period ("Warranty Period"), the Licensed Materials will provide the general features and functions described in the User Documentation portion of the Licensed Materials. Autodesk's entire liability and Licensee's exclusive remedy during the Warranty Period ("Limited Warranty") will be, with the exception of any statutory warranty or remedy that cannot be excluded or limited under law, at Autodesk's option, (i) to attempt to correct or work around errors, if any, or (ii) to refund the license fees, if any, paid by Licensee and terminate this Appendix A or the license specific to such Licensed Materials. Such refund is subject to the return, during the Warranty Period, of the Autodesk Materials, with a copy of Licensee's License Identification, to Licensee's local Autodesk office or the Reseller from which Licensee acquired the Autodesk Materials. **THE LIMITED WARRANTY SET FORTH IN THIS SECTION GIVES LICENSEE SPECIFIC LEGAL RIGHTS. LICENSEE MAY HAVE ADDITIONAL LEGAL RIGHTS UNDER LAW WHICH VARY FROM JURISDICTION TO JURISDICTION. AUTODESK DOES NOT SEEK TO LIMIT LICENSEE'S WARRANTY RIGHTS TO ANY EXTENT NOT PERMITTED BY LAW.**

5.2 Disclaimer. EXCEPT FOR THE EXPRESS LIMITED WARRANTY PROVIDED IN SECTION 5.1 (LIMITED WARRANTY), AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, AUTODESK AND ITS SUPPLIERS MAKE, AND LICENSEE RECEIVES, NO WARRANTIES, REPRESENTATIONS, OR CONDITIONS OF ANY KIND, EXPRESS OR IMPLIED (INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT, OR WARRANTIES OTHERWISE IMPLIED BY STATUTE OR FROM A COURSE OF DEALING OR USAGE OF TRADE) WITH RESPECT TO ANY AUTODESK MATERIALS, OR SERVICES (OR OTHERWISE). ANY STATEMENTS OR REPRESENTATIONS ABOUT THE AUTODESK MATERIALS OR SERVICES AND THEIR FEATURES OR FUNCTIONALITY IN THE LICENSED MATERIALS OR ANY COMMUNICATION WITH LICENSEE ARE FOR INFORMATION PURPOSES ONLY, AND DO NOT CONSTITUTE A WARRANTY, REPRESENTATION, OR CONDITION. WITHOUT LIMITING THE FOREGOING, AUTODESK DOES NOT WARRANT: (a) THAT THE OPERATION OR OUTPUT OF THE LICENSED MATERIALS OR SERVICES WILL BE UNINTERRUPTED, ERROR-FREE, SECURE, ACCURATE, RELIABLE, OR COMPLETE, WHETHER OR NOT UNDER SUPPORT BY AUTODESK OR ANY THIRD PARTY; (b) THAT ERRORS WILL BE CORRECTED BY AUTODESK OR ANY THIRD PARTY; OR (c) THAT AUTODESK OR ANY THIRD PARTY WILL RESOLVE ANY PARTICULAR SUPPORT REQUEST OR THAT SUCH RESOLUTION WILL MEET LICENSEE'S REQUIREMENTS OR EXPECTATIONS. NOTHING IN THE FOREGOING RESTRICTS THE EFFECT OF WARRANTIES OR CONDITIONS WHICH MAY BE IMPLIED BY LAW WHICH CANNOT BE EXCLUDED, RESTRICTED OR MODIFIED NOTWITHSTANDING A CONTRACTUAL RESTRICTION TO THE CONTRARY.

6. Warnings

6.1 Functionality Limitations. The Licensed Materials and Services (except for Licensed Materials designed for noncommercial use, such as Autodesk Materials designed to be used for household or other consumer purposes or licensed only for purposes of educational or individual learning) are commercial professional tools intended to be used by trained professionals only. Particularly in the case of commercial professional use, the Licensed Materials and Services are not a substitute for Licensee's professional judgment or independent

testing. The Licensed Materials and Services are intended only to assist Licensee with its design, analysis, simulation, estimation, testing and/or other activities and are not a substitute for Licensee's own independent design, analysis, simulation, estimation, testing, and/or other activities, including those with respect to product stress, safety and utility. Due to the large variety of potential applications for the Licensed Materials and Services, the Licensed Materials and Services have not been tested in all situations under which they may be used. Autodesk will not be liable in any manner whatsoever for the results obtained through use of the Licensed Materials or Services. Persons using the Licensed Materials or Services are responsible for the supervision, management, and control of the Licensed Materials and Services and the results of using the Licensed Materials and Services. This responsibility includes, without limitation, the determination of appropriate uses for the Licensed Materials and Services and the selection of the Licensed Materials, Services and other computer programs and materials to help achieve intended results. Persons using the Licensed Materials or Services are also responsible for establishing the adequacy of independent procedures for testing the reliability, accuracy, completeness, and other characteristics of any output of the Licensed Materials or Services, including, without limitation, all items designed with the assistance of the Licensed Materials or Services. Licensee further acknowledges and agrees that the Licensed Materials form part of Licensee's total unique hardware and software environment to deliver specific functionality, and that the Licensed Materials and Services provided by Autodesk may not achieve the results Licensee desires within Licensee's design, analysis, simulation, estimation, and/or testing constraints.

6.2 Activation Codes and Security.

6.2.1 Activation Code Required for Installation/Access and Continued Use. Installation of and Access to the Licensed Materials require, and the continued use thereof may from time to time require, activation codes issued by Autodesk. Registration may be required before an activation code is issued by Autodesk. Licensee will provide Autodesk and its Reseller with any information required for such registration and agrees that any information provided to Autodesk or its Reseller will be accurate and current. Licensee will also maintain and update Licensee's registration information, on an ongoing basis, through customer data registration processes, including without limitation the Customer Information Form, which may be provided by Autodesk. Licensee acknowledges and agrees that Autodesk may use such information in accordance with its Privacy Statement (as described or referenced in Section 4 (Privacy; Use of Information; Connectivity)).

6.2.2 Disabling Access. When the Licensee is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Appendix A must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Autodesk shall continue to perform its obligations under this Appendix A, pending final resolution of any request for relief, claim, appeal, or action arising under the Appendix A, and comply with any decision of the Contracting Officer.

6.2.3 Effect of Activation Codes. Licensee acknowledges and agrees that receipt of an activation code (whether or not provided to Licensee in error) will not constitute evidence of or affect the scope of Licensee's license rights. Those rights will be only as set forth in this Appendix A and the applicable License Identification.

6.3 Affected Data. Work product and other data created with Licensed Materials made available under certain License Types, including licenses that limit the permitted purpose to educational purposes or personal learning purposes, may contain certain notices and limitations that make the work product and other data usable only in certain circumstances (e.g., only in the education field). In addition, if Licensee combines or links work product or other data created with such Licensed Materials with work product or other data otherwise created, then such other

work product or data may also be affected by these notices and limitations. Autodesk will have no responsibility or liability whatsoever if Licensee combines or links work product or other data created with such Licensed Materials with work product or other data otherwise created. In addition, Licensee will not remove, alter or obscure any such notices or limitations.

7.0 Limitations of Liability

7.1 Limitation on Type and Amount of Liability. IN NO EVENT WILL AUTODESK OR ITS SUPPLIERS HAVE ANY LIABILITY (DIRECTLY OR INDIRECTLY) FOR ANY INCIDENTAL, SPECIAL, INDIRECT, CONSEQUENTIAL OR PUNITIVE DAMAGES; FOR LOSS OF PROFITS, USE, REVENUE, OR DATA; OR FOR BUSINESS INTERRUPTION (REGARDLESS OF THE LEGAL THEORY FOR SEEKING SUCH DAMAGES OR OTHER LIABILITY). IN ADDITION, THE LIABILITY OF AUTODESK AND ITS SUPPLIERS ARISING OUT OF OR RELATING TO ANY AUTODESK MATERIALS, OR SERVICES WILL NOT EXCEED THE AMOUNT PAID OR PAYABLE BY LICENSEE FOR SUCH AUTODESK MATERIALS, OR SERVICES, RESPECTIVELY. The foregoing limitation of liability shall not apply to (1) personal injury or death resulting from Licensors' negligence; (2) for fraud; or (3) for any other matter for which liability cannot be excluded by law.

7.2 Application of and Basis for Limitations. THE LIMITATIONS OF LIABILITY IN THIS SECTION 7 (LIMITATIONS OF LIABILITY) WILL APPLY TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW TO ANY DAMAGES OR OTHER LIABILITY, HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY, WHETHER DERIVED FROM CONTRACT, TORT (INCLUDING, WITHOUT LIMITATION, NEGLIGENCE) OR OTHERWISE, EVEN IF AUTODESK HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LIABILITY AND REGARDLESS OF WHETHER THE LIMITED REMEDIES AVAILABLE HEREUNDER FAIL OF THEIR ESSENTIAL PURPOSE. ALSO, LICENSEE AGREES THAT THE LICENSE AND SERVICES FEES AND OTHER FEES CHARGED BY AUTODESK AND PAID BY LICENSEE ARE BASED ON AND REFLECTIVE OF THE ALLOCATION OF RISK CONTEMPLATED BY THIS SECTION 7 (LIMITATIONS OF LIABILITY) AND THAT THE LIABILITY LIMITATIONS IN THIS SECTION 7 (LIMITATIONS OF LIABILITY) ARE AN ESSENTIAL ELEMENT OF THE AGREEMENT BETWEEN THE PARTIES.

8.0 Term and Termination

8.1 Term; Termination or Suspension. Each license under this Appendix A, with respect to each specific set of Licensed Materials covered by this Appendix A, will become effective as of the latest to occur of: (a) this Appendix A becoming effective, (b) the execution of a Purchase Order(s). When Licensee is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Appendix A must be made as a dispute under the contract Disputes Clause (Contract Disputes Act). During any dispute under the Disputes Clause, Autodesk shall continue to perform its obligations under this Appendix A, pending final resolution of any request for relief, claim, appeal, or action arising under the Appendix A, and comply with any decision of the Contracting Officer.

8.2 Effect of Termination of Appendix A or License. Upon termination or expiration of this Appendix A, the licenses granted hereunder will terminate. Upon termination or expiration of any license granted to Licensee, Licensee must cease all use of Autodesk Materials to which such license applies, and any Services and Uninstall all copies of the Autodesk Materials. At Autodesk's request, Licensee agrees to destroy or return to Autodesk or the Reseller from which they were acquired all Autodesk Materials. Autodesk reserves the right to

require Licensee to show satisfactory proof that all copies of the Autodesk Materials have been Uninstalled and, if so requested by Autodesk, destroyed or returned to Autodesk or the Reseller from which they were acquired.

8.3 Survival. Sections 1.3 (Additional Terms), 1.4 (Other Materials), 1.5 (Authorized Users), 1.6 (Third-Party Licensed Materials), 1.11 (APIs), 2.1.1 (No License Granted; Unauthorized Activities), 2.1.4 (Effect of Unauthorized Use), 2.2 (Circumvention), 3 (All Rights Reserved), 4 (Privacy; Use of Information; Connectivity), 5.2 (Disclaimer), 6 (Warnings), 7 (Limitations of Liability), 8 (Term and Termination), and 9 (General Provisions) and Exhibit A will survive any termination or expiration of this Appendix A.

9.0 General Provisions

9.1 Notices. Notices in connection with this Appendix A by either party will be in writing and will be sent by electronic mail, postal service, or a delivery service (such as UPS, FedEx or DHL), except that Licensee may not provide notice to Autodesk of an Autodesk breach or provide notice of termination of this Appendix A by electronic mail. Notices from Autodesk to Licensee will be effective (a) in the case of notices by email, one (1) day after sending to the email address provided to Autodesk, or (b) in the case of notices by mail or delivery service, five (5) days after sending by regular post or delivery service to the address provided to Autodesk. Licensee hereby consents to service of process being effected on Licensee by registered mail sent to the address set forth on Licensee's Customer Information Form (or, if no Customer Information Form has been provided, Licensee's last address known by Autodesk) if so permitted by applicable law. Notices from Licensee to Autodesk will be effective (a) in the case of notices by email, one (1) day after sending to (and receipt by Autodesk at) CopyrightAgent@autodesk.com, or (b) in the case of notices by mail or delivery service, when received by Autodesk at Autodesk, Inc., 111 McInnis Parkway, San Rafael, California 94903, USA, Attention: Copyright Agent.

9.2 Governing Law and Jurisdiction. This Appendix A will be governed by and construed in accordance with the Federal laws of the United States. The laws of such jurisdictions shall govern without reference to the conflicts of laws rules thereof. The UN Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transaction Act shall not apply to (and are excluded from the laws governing) this Appendix A.

9.3 No Assignment; Insolvency. Licensee may not assign this Appendix A or any rights hereunder (whether by purchase of stock or assets, merger, change of control, operation of law, or otherwise) without Autodesk's prior written consent, which may be withheld in Autodesk's sole and absolute discretion, and any unauthorized purported assignment by Licensee will be void. In the context of any bankruptcy or similar proceeding, Licensee acknowledges and agrees this Appendix A is and shall be treated as an executory contract that may not be assumed and/or assigned without Autodesk's prior written consent, which consent may be withheld in Autodesk's sole and absolute discretion whether pursuant to Section 365(c)(1) of Title 11 of the United States Code or any other applicable law respecting the treatment of executory contracts within bankruptcy. Any assignment (regardless of how or on what basis the assignment may occur) will be conditioned on compliance with the following: at least thirty (30) days before assigning or agreeing to any assignment of rights under this Appendix A (including transferring any copies of or right to use the Software), (a) Licensee must provide written notice to Autodesk, Uninstall all copies of the Software, and (without limitation of the generality of Section 9.7 (Audits)) allow Autodesk or its designee to inspect the records, systems and facilities of (or operated for) Licensee and its subsidiaries and affiliates to verify (by any means available to Autodesk, whether remotely or on premises) that all copies of the Software have been Uninstalled, (b) the

proposed assignee must agree to comply (and Licensee must ensure that the assignee will comply) with all of the obligations of this Appendix A with respect to such Software, which agreement must provide that Autodesk is a third-party beneficiary of the assignee's agreement, and the assignee must provide a copy of the agreement to Autodesk, and (c) Licensee and proposed assignee must comply with all other transfer procedures identified by Autodesk.

9.5 Exceptions to Prohibitions; Severability.

9.5.1 Exceptions to Prohibitions. The prohibitions contained in this Appendix A will not apply where and to the extent applicable law does not allow such prohibitions to be enforced. Licensee may have other rights under the laws of the state or country within the Territory where the Licensed Materials are acquired, and this Appendix A does not change Licensee's rights under the laws of such state or country if and to the extent the laws of such state or country do not permit this Appendix A to do so. Licensee will bear the burden of proof to demonstrate that applicable law does not allow (i) the enforcement of such prohibitions; or (ii) this Appendix A to change particular rights in a state or country (and that Licensee has not exceeded the bounds of the unenforceable prohibitions and unchangeable rights).

9.5.2 Severability. If and to the extent any provision of this Appendix A is held illegal, invalid, or unenforceable in whole or in part under applicable law, such provision or such portion thereof will be ineffective as to the jurisdiction in which it is illegal, invalid, or unenforceable to the extent of its illegality, invalidity, or unenforceability and will be deemed modified to the extent necessary to conform to applicable law so as to give the maximum effect to the intent of the parties. The illegality, invalidity, or unenforceability of such provision in that jurisdiction will not in any way affect the legality, validity, or enforceability of such provision or any other provision of this Appendix A in any other jurisdiction.

9.6 No Waiver. No term or provision of this Appendix A will be considered waived, and no breach excused, unless such waiver is in writing signed on behalf of the party against which the waiver is asserted. No waiver (whether express or implied) will constitute consent to, waiver of, or excuse of any other, different, or subsequent breach.

9.7 Audits. Licensee agrees that Autodesk has the right to require an audit (electronic or otherwise) of the Autodesk Materials and the Installation thereof and Access thereto. As part of any such audit, Autodesk or its authorized representative will have the right, on fifteen (15) days' prior notice to Licensee, to inspect Licensee's records, systems and facilities, including machine IDs, serial numbers and related information, to verify Licensee's Installation of and Access to the Autodesk Materials. Such audit will comply with the security requirements for the applicable Licensee. Upon request, Licensee shall provide Autodesk with copies of the applicable security requirements. Additionally, within fifteen (15) days of the audit request, Licensee will provide to Autodesk all records and information requested by Autodesk in order to verify Licensee's Installation of and Access to the Autodesk Materials. Licensee will provide full cooperation to enable any such audit. If Autodesk determines that Licensee's Installation of or Access to the Autodesk Materials is not in conformity with the applicable agreements or terms of service, Autodesk will invoice Licensee for valid license(s) to bring Licensee's Installation and Access into compliance and pay the reasonable costs of the audit.

9.8 Language. The English language version of this Appendix A is legally binding in case of any inconsistencies between the English version and any translations. If Licensee purchased the license for the Licensed Materials in Canada, Licensee agrees to the following: The parties hereto confirm that it is their wish that this Appendix A, as well as other documents relating hereto, including notices, have been and shall be written in the English language only. Les parties ci-dessus confirment leur désir que cet accord ainsi que tous les documents, y compris tous avis qui s'y rattachent, soient rédigés en langue anglaise.

9.9 **Construction.** Ambiguities in this Appendix A will not be construed against the drafter.

9.10 **Force Majeure.** Autodesk will not be liable for any loss, damage or penalty resulting from delays or failures in performance resulting from acts of God, supplier delay or other causes beyond Autodesk's reasonable control.

9.11 **U.S. Government Rights.** For U.S. Government procurements, all Autodesk Materials are deemed to be commercial computer software as defined in FAR 12.212 and subject to restricted rights as defined in FAR Section 52.227-14 and DFARS 227.7202, "Rights in Commercial Computer Software or Commercial Computer Software Documentation", as applicable, and any successor regulations. Any use, modification, reproduction release, performance, display or disclosure of the Autodesk Materials by the U.S. Government shall be solely in accordance with license rights and restrictions described herein.

9.12 **Export Control.** Licensee acknowledges and agrees that the Autodesk Materials and Services (including any data submitted by Licensee in connection with a Service and any Licensee-specific output generated by a Service) are subject to compliance with United States and other applicable country export control and trade sanctions laws, rules and regulations, including, without limitation the regulations promulgated by the U.S. Department of Commerce and the U.S. Department of the Treasury (collectively, "Export Control Laws"). Licensee represents, warrants and covenants that neither Licensee nor Licensee's Personnel (i) are a citizen or resident of, or located within, a nation that is subject to U.S. trade sanctions or other significant trade restrictions (including, without limitation, Cuba, Iran, Sudan, Syria and North Korea), (ii) are identified on any of the U.S. government restricted party lists (including, without limitation, the U.S. Treasury Department's List of Specially Designated Nationals and Blocked Persons, the U.S. Department of Commerce's Denied Party List, Entity List and Unverified List and the U.S. Department of State's proliferation-related lists), (iii) will, unless otherwise authorized under the Export Control Laws, use Autodesk Materials or Services in any restricted end use, including, without limitation, design, analysis, simulation, estimation, testing, or other activities related to nuclear, chemical/biological weapons, rocket systems or unmanned air vehicles applications, or (iv) will use the Autodesk Materials or Services to disclose, transfer, download, export, or re-export, directly or indirectly, any Licensee-specific output generated by the Autodesk Materials or Services, Licensee content, third party content, or any other content or material to any country, entity, or party that is ineligible to receive such items under the Export Control Laws or other laws or regulations to which Licensee may be subject. Licensee understands that the requirements and restrictions of the Export Control Laws as applicable to Licensee may vary depending on the Autodesk Materials or Services provided under this Appendix A and may change over time. Licensee shall be solely responsible for (i) determining the precise controls applicable to the Autodesk Materials or Services, and (ii) complying with the Export Control Laws and monitoring any modifications to them.

9.13 **Entire Appendix A.** This Appendix A and any other terms referenced in this Appendix A, together with the underlying GSA License and Services Schedule Contract, Schedule Pricelist and Purchase Order(s), constitute the entire agreement between the parties (and merge and supersede any prior or contemporaneous agreements, discussions, communications, agreements, representations, warranties, advertising or understandings) with respect to the subject matter hereof, except that particular Autodesk Materials may be subject to additional or different terms associated with such Autodesk Materials. The parties acknowledge that, in entering into this Appendix A, they are not relying on any agreements, discussions, communications, agreements, representations, warranties, advertising or understandings other than as expressly set forth in this Appendix A. In the event of a conflict between this Appendix A and any other terms of Autodesk (including, without limitation, the Services Terms, or such

additional or different terms), the other terms will apply. Terms stipulated by Licensee in any communication by Licensee which purport to vary this Appendix A or such other terms will be void and of no effect unless agreed in a writing signed by an authorized representative of Autodesk. Any other modifications to this Appendix A will also be invalid unless agreed to in a writing signed by an authorized representative of Autodesk.

10. Additional Terms

10.1 Rendering. This Section 10.1 (Rendering) applies to the following Software that may be included within the Licensed Materials: (i) Autodesk Maya; and (ii) Autodesk 3ds Max

10.1.1 With regard to the Rendering Software (defined below), in addition to any other license granted in this Appendix A, Licensee may allow the Rendering Software to be Installed or Accessed on a Networked Basis, solely for Licensee's Internal Business Needs, specifically to render files created with the Software. However, if the Rendering Software is mental ray, and the Software is provided with a finite number of mental ray rendering nodes, then with regard to mental ray the foregoing is restricted to that number of mental ray rendering nodes.

10.1.2 With regard to the mental ray Batch Software (defined below), in addition to any other license granted in this Appendix A, Licensee may allow the mental ray Batch Software to be Installed or Accessed on a Networked Basis, solely for Licensee's Internal Business Needs, and used (i) specifically to render files created with the Software; or (ii) by the Rendering Software specifically to render files created with the Software. The total number of CPUs used by the mental ray Batch Software cannot exceed the number specified in the License Identification.

10.1.3 With regard to the mental ray Standalone (defined below), Licensee may allow the mental ray Standalone to be Installed or Accessed, on a Networked Basis, solely on Computing Device(s) (defined below) solely for Licensee's Internal Business Needs specifically to render files created with the Software. With regard to mental ray Standalone, any reference in the Appendix A to Computer is hereby deleted and "Computing Device(s)" substituted therefor.

10.1.4 With regard to the mental ray Satellite (defined below) for each of Autodesk 3ds Max, Autodesk Maya and Autodesk Softimage Software each mental ray Satellite executable(s) may run on one (1) or more host no more than four (4) client Computing Devices. With regard to mental ray Satellite, any reference in the Appendix A to Computer is hereby deleted and "Computing Device(s)" substituted therefor.

10.1.5 Definitions.

(1) "mental ray Standalone" means the mental ray Standalone client/server executable, including the mental ray standard shader libraries and utility programs, used specifically for rendering files created with the Software.

(2) "Rendering Software" means a subset of the Software used specifically for rendering files created with the Software.

(3) "mental ray Batch Software" means a subset of the Software used: (i) specifically for rendering files created with the Software or (ii) by the Rendering Software specifically for rendering files created with the Software.

(4) “mental ray Satellite” means the mental ray Satellite server executable, including the mental ray standard shader libraries. mental ray Satellite is functionally equivalent to the mental ray Standalone server executable, used specifically for rendering files created with the Software except it is not able to read and write files in the complete mi2 format.

(5) “Computing Device” means (i) a single electronic assembly with a maximum of (a) four (4) CPUs (regardless of the number of cores in each CPU) each CPU having one or more microprocessors, (b) four (4) discrete GPU-based computing boards; or (ii) a software implementation of the single electronic assembly, (a so-called 'virtual machine') described in (i) above, which single electronic assembly accepts information in digital or similar form and manipulates the information for a specific result based on a sequence of instructions.

10.2 Exceptions. This Section 10.2 (Exceptions) applies to the following Software that may be included within the Licensed Materials: (i) Autodesk Maya; (ii) Autodesk 3ds Max; and (iii) Autodesk Stingray.

10.2.1 Notwithstanding the provisions set forth in Section 2.1.1 (No License Granted; Unauthorized Activities) if: (i) the Redistributable Component (defined below) operates with the Software and with Licensee Application; and (ii) the Redistributable Component is linked to Licensee Application; then Licensee may reproduce and distribute the Redistributable Component and Licensee Application together, subject to Licensee’s strict adherence to all of the following terms and conditions:

(a) the class identifications for any classes of objects Licensee created shall be different from and clearly distinguishable from the class identifications used by Autodesk;
