

Unlock the Full Power of Your Autodesk AEC Collection

Strategic Account Review: A Smarter Way to Maximize Your Investment

Many governments at all levels already own powerful tools within the Autodesk AEC Collection – but aren't using them to their full potential.

A Strategic Account Review (SAR) is a no-cost, collaborative session with our team to:

- Understand your workflows
- Identify unused or underused tools
- Align Autodesk capabilities with your upcoming capital projects

What You Might Be Missing: Hidden Gems in Your AEC Collection

AEC Tool/ Capability	Common Use in Government
GIS Integration (ArcGIS + Civil 3D)	Link design data with Esri GIS systems for real-time coordination
Design Review with Markups	Use Autodesk Docs + Revit/Civil 3D to streamline team feedback
Swept Path Analysis	Evaluate vehicle turning movements in site and street design
Point Cloud Support	Use drone/LiDAR scans to model existing conditions accurately
Preliminary Design Tools	Use InfraWorks for rapid alternatives and stakeholder engagement
Cloud Collaboration	Work across departments and share project data both internally and with external firms
Project Documentation	Leverage Docs and Revit to centralize as-builts and specs
Grading and Drainage Tools	Use Civil 3D Storm and Sanitary Analysis (SSA) for early-stage site feasibility
Quantity Takeoff / Estimating	Extract quantities from design models to assist in budgeting
Green Building Analysis	Evaluate energy use, daylighting, and solar potential with Insight and Revit
Green Infrastructure Modeling	Plan bioswales, permeable surfaces, and stormwater features using Civil 3D

Why Governments Benefit

- Stretch tight budgets by using tools you already own
- Improve capital planning with better visualization and analytics
- Streamline reviews between engineering, planning, and field teams
- Support RTO (Return to Office) and hybrid work with cloud tools
- Integrate with other Enterprise applications such as ESRI ArcGIS
- Implement Green Infrastructure and Building programs

Let's Set Up Your Strategic Account Review

- » 1-hour session
- » Custom report of your license usage and unused tools
- » Tailored recommendations for your capital projects
- » Contact: **DLT Solutions**
- » Visit us at **Booth #215** at Autodesk University
- » www.dlt.com
- » Ask us how others like you are using the full AEC Collection!
