

# CURATOR®

## EDUCATE

The Intelligent Content Creation, Deployment,  
and Workforce Management Software.

### Comprehensive Content Creation, Simplified.

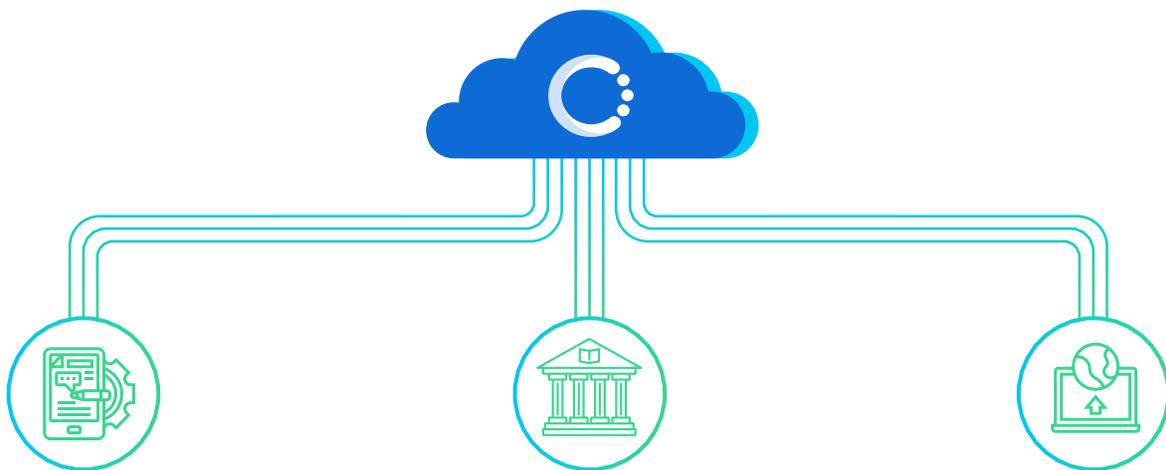

Curator Educate allows you to effectively create and deploy training modules with no coding knowledge to bring your employees up to speed on company processes, skills, and certifications. Our team is ready to help with immediate solutions for your needs.

#### Key Features

- ✓ Store all relevant course materials in our cloud-based content library and content organization system.
- ✓ Add multiple accounts within a single organization with different permissions.
- ✓ Make global changes from one place and update all iterations with a single click.
- ✓ Enjoy compatibility with all major LMS systems.
