About TD SYNEX Public Sector

TD SYNEX Public Sector is the premier government solutions aggregator that specializes in understanding the IT needs and solving the challenges of the federal, state, local, education and healthcare markets. TD SYNEX Public Sector helps simplify the process and removes barriers for independent infrastructure and software technology vendors, federal systems integrators and value-added resellers doing business in the public sector.

TD SYNEX Public Sector does not hold any contract vehicles. The names of the legal entities that hold various federal and state contracting vehicles - DLT Solutions, LLC, Tech Data Government Solutions, LLC and TD Synnex Corporation - will remain the same at this time and will continue to operate under their respective contracting vehicles.
