Extreme Platform ONE™

## For US K-12 Schools and Libraries

Expanding secure connectivity to information and resources is more critical than ever. However, networking and security complexity have continued to rise. This complexity is caused by too many control touchpoints, difficult integrations, siloed AI, data, and apps, and fragmented licensing. Extreme Platform ONE simplifies these issues, enabling lean IT teams in schools and libraries to expand secure connectivity while reducing time spent on manual efforts and keeps costs under control.

Extreme Platform ONE is an enterprise connectivity platform that integrates networking and security with AI into one powerful and radically simplified experience and licensing model. It enables IT teams to regain control, expand reliable and secure connectivity to students, staff, and patrons through:

- One integrated experience that is easy to use.
- Automation with built-in AI that boosts productivity, reducing cycle time for many tasks from hours to minutes.
- Inventory control that simplifies compliance with E-Rate requirements.
- Simplified licensing that makes the solution as easy to buy as it is to use.

Unique Capabilities

- **A real-time, composable workspace** unifies networking, security, and inventory control

- **The built-in AI goes beyond mere remediation** to automate use cases across the entire learn, plan, deliver, and fix lifecycle

- **Complete access security** includes cloud-managed ZTNA and network access control in a single, easy-to-use interface

- **Advanced inventory control** simplifies compliance with E-Rate requirements for assets across trial, purchase, renewal, and upgrade

- **Simplified licensing** encompasses network and inventory control, security, AI, and support services

Extreme Platform ONE™

One Spot to Learn, Plan, Deliver, and Fix

Combining connectivity, automation, security, data, and analytics with AI into one powerful experience, **Extreme** Platform ONE **radically simplifies the way K-12 schools and libraries deploy, manage, and secure the network.**

Extreme Platform ONE is Simple

Only Extreme Platform ONE delivers the unified experience, automation enhanced with built-in-AI, and radically simplified licensing schools and libraries need to regain control, extend connectivity securely, and manage cost and risk. Extreme Platform ONE equips your IT team with the resources they need to provide reliable and secure connectivity to students, staff, and patrons.

Done in ONE: Integrated Experience with a Composable Workspace

Intuitive, integrated experience is a key design principle of Extreme Platform ONE. A real-time, composable workspace unifies networking, security, and inventory control for NetOps, SecOps, and school administrative teams.

- Unified control for wired, wireless, and security in one experience
- AI-assisted, zero trust application and network access security
- Multi-layered network visualizations including Fabric: physical, virtual, and service

AI Your Way: Built-in AI Automates Hours into Minutes

AI is built into Extreme Platform ONE and contributes to all aspects of its capabilities. Extreme AI Expert™ goes beyond remediation to address a broader set of use cases spanning the entire learn, plan, deliver, and fix lifecycle across Extreme's networking and security services.

- Conversational AI experiences, interactive analytics, and autonomous agent modes
- AI-assisted workflows for design, configuration, troubleshooting, and migration
- Interactive tables, charts, and graphs in personalized reports and dashboards

Radically Simplified Licensing: As Easy to Buy as It Is to Use

Extreme Platform ONE's radically simplified licensing includes network management, security, AI, and industry-recognized support services, along with

- Advanced inventory control across trial, purchase, renewal, and upgrade
- AI-assisted workflows for assets, subscriptions, licensing, and contracting
- Easy usage and financial reporting and forecasting with interactive AI analytics, dashboards, and agents

Summary

Network and security are increasingly complex. Data, apps, and AI are siloed. Extreme Platform ONE, an enterprise connectivity platform, combines network and inventory control capabilities, zero trust network security, and conversational, interactive, and autonomous AI in one intuitive experience. Automation enhanced by built-in AI helps NetOps, SecOps, and admin teams achieve more faster and with less effort as they work together to orchestrate, secure, and scale the network. Simplified licensing, inclusive of Extreme's industry-recognized support services, makes the it as easy to buy and renew as it is to use.

Extreme Platform ONE SKUs for US K-12 and Libraries

SKU	Description
USK12-STD-A-S-C-EW	Extreme Platform ONE Standard Networking for Tier A includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier A device per year (US K-12)
USK12-STD-B-S-C-EW	Extreme Platform ONE Standard Networking for Tier B includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier B device per year (US K-12)
USK12-STD-C-S-C-EW	Extreme Platform ONE Standard Networking for Tier C includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier C device per year (US K-12)
USK12-STD-D-S-C-EW	Extreme Platform ONE Standard Networking for Tier D includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier D device per year (US K-12)
USK12-STD-A-S-C-EW-3Y	Extreme Platform ONE Standard Networking for Tier A includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier A device for 3 Years (US K-12)
USK12-STD-B-S-C-EW-3Y	Extreme Platform ONE Standard Networking for Tier B includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier B device for 3 Years (US K-12)
USK12-STD-C-S-C-EW-3Y	Extreme Platform ONE Standard Networking for Tier C includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier C device for 3 Years (US K-12)
USK12-STD-D-S-C-EW-3Y	Extreme Platform ONE Standard Networking for Tier D includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier D device for 3 Years (US K-12)
USK12-STD-A-S-C-EW-5Y	Extreme Platform ONE Standard Networking for Tier A includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier A device for 5 Years (US K-12)
USK12-STD-B-S-C-EW-5Y	Extreme Platform ONE Standard Networking for Tier B includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier B device for 5 Years (US K-12)
USK12-STD-C-S-C-EW-5Y	Extreme Platform ONE Standard Networking for Tier C includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier C device for 5 Years (US K-12)
USK12-STD-D-S-C-EW-5Y	Extreme Platform ONE Standard Networking for Tier D includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier D device for 5 Years (US K-12)

Extreme Platform ONE SKUs for US K-12 and Libraries

SKU	Description
USK12-STD-A-S-C-EW-7Y	Extreme Platform ONE Standard Networking for Tier A includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier A device for 7 Years (US K-12)
USK12-STD-B-S-C-EW-7Y	Extreme Platform ONE Standard Networking for Tier B includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier B device for 7 Years (US K-12)
USK12-STD-C-S-C-EW-7Y	Extreme Platform ONE Standard Networking for Tier C includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier C device for 7 Years (US K-12)
USK12-STD-D-S-C-EW-7Y	Extreme Platform ONE Standard Networking for Tier D includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier D device for 7 Years (US K-12)
USK12-STD-A-S-C-EW-10Y	Extreme Platform ONE Standard Networking for Tier A includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier A device for 10 Years (US K-12)
USK12-STD-B-S-C-EW-10Y	Extreme Platform ONE Standard Networking for Tier B includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier B device for 10 Years (US K-12)
USK12-STD-C-S-C-EW-10Y	Extreme Platform ONE Standard Networking for Tier C includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier C device for 10 Years (US K-12)
USK12-STD-D-S-C-EW-10Y	Extreme Platform ONE Standard Networking for Tier D includes ExtremeWorks Right-to-Use Subscription and TAC OS for one Tier D device for 10 Years (US K-12)
